1 Risk factors

Investing in the Bonds involves inherent risks. The financial performance of Company and the Group and the risks associated with the Group's business are important when making a decision on whether to invest in the Bonds. A number of risk factors and uncertainties may adversely affect the Group. If any of these risks or uncertainties actually occurs, the business, operating results and financial position of the Group could be materially and adversely affected, which ultimately could affect the Company's ability to make payments of interest and repayments of principal under the Terms and Conditions. In this section, a number of risk factors, both general risks pertaining to the Group's business operations and material risks relating to the Bonds as financial instruments, are illustrated. The risks presented in this section are not exhaustive and other risks not discussed herein may also adversely affect the Group, the price of the Bonds and the Company's ability to service its debt obligations. Further, the risk factors herein are not ranked in order of importance. Potential investors should carefully consider the information contained in this Prospectus and make an independent evaluation before making an investment decision.

1.1 Company and market specific risks, etc.

1.1.1 Political risks

The Group operates in a number of countries where political instability may lead to a slowdown in levels for origination in that particular country. These countries are subject to greater political, economic and social uncertainties than countries with more developed institutional structures and the Group is therefore subject to significant political risks. Changes in legislation or other regulations related, for instance, to foreign ownership, state participation, taxes, allocation of licenses and concessions, customs duties or exchange rates can affect the Group's operations or results. An increased political instability in any country where the Group operates as well as the Company's failure to protect against such risks may have a material adverse effect on the Company's business, financial position and results of operations or may even require the Group to change or discontinue existing products, services, businesses or business models in the affected region.

1.1.2 Macro-economic risks

The Group operates in a large number of countries and its operations are therefore dependent on global economic developments as well as conditions that are unique to certain countries, regions and/or industry branches. General market conditions could affect the inclination and the capability of existing and potential customers to assume indebtedness or make deposits. Although the majority of the Group's customers are employed within the civil service of each country, and employment in this sector is typically inelastic to change in macro-economic conditions, there is a risk that a change in the macro-economic conditions in the countries of operation could lead to changed employment conditions for the Group's customers which may have a material adverse effect on the Group's operations. Weak global or regional economic trends may result in the Group growing and developing at a lower rate than expected and this could have a negative effect on the Company's business, financial position and results of operations.

1.1.3 Loss of a deduction code

The Group relies on the ability to collect directly from the payroll of its customers in order to service the outstanding loans, which is facilitated through deduction codes. The loss of a deduction code may

therefore have a material adverse effect on the Company's business, financial position and results of operations.

1.1.4 Employees, organizational risks and operational risks

The continuing success of the Group is largely dependent on a number of experienced employees with specialist skills. Employees important for the Group are both senior executives and other employees within the different business areas. The business operations of the Group are exacting on employees' knowledge of relevant legislation and regulations and the development of knowledge and experience is both time and cost consuming. A significant loss of such employees could adversely affect the Group's operations and the conditions and possibilities for continuing growth and profitability. Competition for skilled staff in the Group's different business areas is high and may increase in the future. The Group's future development and expansion will be dependent on its ability in recruiting and keeping skilled employees and senior executives.

High employee turnover means that many new employees need to be trained. Employees' potential lack of knowledge and experience could imply a significant risk for the Group's operations, but also wilful legal breach or neglect of regulations could harm the business. Fraud and other improper actions by employees are not uncommon within the financial sector and have occurred also in the Group companies. Irregularities could have a considerably adverse impact on earnings and reputation as well as negatively affect new and existing customers' confidence and make it difficult to gain new commissions. In spite of current functions and routines to prevent irregularities, the system could emerge to be insufficient and irregularities by employees could still occur, which could have a material adverse effect on the Company's business, financial position and results of operations.

In the context of the Group's current operations, the Group may incur losses due to disruption, failure or other ineffectiveness of procedures, internal controls or other reporting or administrative systems used in its operations. Lack of procedures and lack of internal controls may lead to that the management loses control over corporate governance, which could have a material adverse effect on the Company's business, financial position and results of operations.

1.1.5 IT-system

The Group's business areas all require functioning information and data-processing systems for sales, administration, distribution, internal control and other functions necessary for the business operations. A system, that is not functioning properly, could damage the operations and cause financial losses and liability in relation to customers as well as harm the reputation and market trust.

1.1.6 Trust and reputation

The Group' business is dependent on customers', finance and other suppliers' and other market players' trust in the Company and its subsidiaries. A damaged reputation or reduced trust for the Company or any of its subsidiaries could have an adverse effect on the Group's future growth and development. Moreover, the Group's relations with the relevant country's Financial Supervisory Authority as well as with other authorities are of significant importance, since the Group companies' operations are, to a large extent, dependent on concessions, licenses and other decisions of authorities.

The trust in the Company and the Group could be damaged for instance due to inadequate product and services quality, insufficient internal policies and guidelines regarding risk management, unreliable IT-systems as well as due to irregularities by employees.

1.1.7 The Company is a holding company

The Company is a holding company and holds no significant assets other than investments in its subsidiaries. The Company is thus dependent upon receipt of sufficient income related to the operation of and the ownership in its subsidiaries. A decrease in any such income may have a material adverse effect on the Company's business, financial position and results of operations as well as its ability to meet financial obligations.

1.1.8 Different legal systems and legal proceedings

Since the Group's business activities are conducted in several different countries, the Group is exposed to a variety of different laws, regulations (including anti-trust, banking, acquisition and tax), rules, agreements and guidelines, which also can be applicable to the Group's products and services. Any changes thereof may have a significant adverse effect on the Company's business activities.

Further, the Company and its subsidiaries have entered into a number of agreements with customers, finance suppliers and other third parties domiciled in different countries and the agreements are governed by the laws of various jurisdictions. Although formal agreements have been entered into, there is a risk that the Company or its subsidiaries will not be able to enforce all of their rights under these agreements. If the Company or its subsidiaries are unable to enforce their rights under the agreements, this could adversely affect the Company's business, financial position and results of operations.

1.1.9 Loss of money licenses or business license

In most countries of operation, the Group is dependent on money licenses, business licenses or other permits or permissions from local authorities to conduct its business. If any such license, permit or permission is not renewed or revoked, this would have a material adverse effect on the Group's business, financial position or results of operations.

1.1.10 Exposure to legislative and regulatory changes

Amended legislation or regulatory measures relating to, *inter alia*, banking, acquisition and tax laws or new case law may have negative consequences for the Group. The financial services sector is subject to extensive regulations through legislation and other rules and regulations. As many of the Group companies are required to hold several permits, licenses and concessions to carry out their businesses, the Group's business is under supervision of the authorities in the various countries in which the Group operates. The legal framework in such countries is continuously reviewed and updated. Adoption of new legislation, regulations, legal or administrative proceedings or changes in the judicial application may force the Group to change or discontinue existing products, services, businesses or business models or incur significant expenses or liabilities or prohibit the Group to carry on the licensed operations. Furthermore, inspections and supervision from authorities could lead to penal charges or ultimately that licenses or concessions could be withdrawn. Costly adjustments and withdrawn licenses could have a material adverse effect on the Company's business, financial position and results of operations. Legal measures could also cause significant damage on the Group's reputation, which in turn could negatively affect the future development of the Group's operations.

1.1.11 Risks related to taxes

The Company operates its business through its subsidiaries in each of the geographic markets in which it operates. The business is conducted in accordance with the Group's interpretation of applicable laws,

tax treaties, regulations and requirements of the tax authorities in the relevant countries. However, there is always a risk that the Group's interpretation of applicable laws, tax treaties, regulations, or administrative practice proves to be incorrect, or that such rules are changed, possibly with retroactive effect. Legislative changes or decisions by tax authorities may impair the present or previous tax position of the Group and may have a material adverse effect on its business, financial position or results of operations.

1.1.12 Changed accounting rules

The Company's business is affected by the accounting rules that, from time to time, are applied in the countries where the Group conducts its business, including for example IFRS and other international accounting rules. This means that the Group's accounting, financial reporting and internal control, as well as the Terms and Conditions, may in the future be affected by and may have to be adapted to changed accounting rules or a changed application of such accounting rules. This might entail uncertainty regarding the Group's accounting, financial reporting and internal control and might also affect the Company's accounted earnings, balance sheet and equity, which could have a material adverse effect on the Company's business, financial positions and results of operations.

1.1.13 Influence of major shareholders

The Company has several larger shareholders, one of whom has a shareholding in the Company exceeding 30 per cent and who may as a result of its influence affect the Company, *inter alia*, on matters that are subject to approval at the shareholders' meeting.

1.1.14 Credit risks and risks relating to counterparties

The Group is exposed to credit risks and risks relating to counterparties. These risks concern the risk of losses if the counterparty does not fulfill its obligations. The Group's credit and counterparty risks consist of exposures to commercial counterparties and financial counterparties. The Group's commercial credit and counterparty risk primarily consist of arrears which are distributed over a large number of counterparties. Credit and counterparty risks relating to financial counterparties are limited to financial institutions with high credit ratings.

The Group's primary credit and counterparty risk is that the customers cannot repay their debt under the individual loan agreements. Furthermore, the loans offered by the Company's subsidiaries to its customers are unsecured and in most jurisdictions in which the subsidiaries operate the involvement of public courts are time-consuming and expensive. Furthermore, enforcement of court orders is unreliable in several jurisdictions of operation. The aforementioned judicial conditions and the relatively small amounts granted under each of the individual loan agreements has resulted in that the Group seldom or never pursue debts under the individual loan agreements which for various reasons have not been deducted from the customer's pay roll through judicial proceedings. Although, in certain markets where the Group operates, all loans for a longer time period than six (6) months include a mandatory "Credit Life Policy" which insures the Group against death, disability, dreaded disease or retrenchment of the customer, the aforementioned risks could have a material adverse effect on the Company's business, financial position and result of operations.

1.1.15 Disputes

The Company and its subsidiaries may become involved in disputes with or receive claims from third parties, such as customers, suppliers and other business partners. Such disputes could be time

consuming and costly and there is a risk that the outcome will be unsuccessful for the Group. Furthermore, the costs associated to such disputes or claims cannot always be foreseen. Disputes could, therefore, have a material adverse effect on the Company's business, financial position and result of operations.

1.1.16 Competition

The Group operates in a competitive market. The Group's future possibilities to compete are, among other things, dependent upon the Group's ability to anticipate future market changes and trends, and to rapidly react to existing and future market needs, which may result in increased costs or require price reductions or changes of the Group's business model. Increased competition from existing and new market participants as well as deteriorated competition possibilities could have a material adverse effect on the Group's business, financial position and result of operations.

1.1.17 Risk related to acquisitions

The Company has historically carried out several acquisitions and could continue to grow through acquisitions also in the future ("**New Acquisitions**"). New Acquisitions are always subject to a number of risks and considerable uncertainty with respect to ownership, other rights, assets, liabilities, licenses and permits, claims, legal proceedings, restrictions imposed by competition law, financial resources, environmental matters and other aspects. These risks may be greater, more difficult or more extensive to analyze in certain countries or regions where the Group is active.

A significant part of the acquisition process is the due diligence process. In each such process, there is a risk that a due diligence of a New Acquisition will not reveal all facts that may be relevant. Moreover, financial service companies are often difficult to value and an incorrect valuation could result in an incorrect purchase-sum and ultimately imply that expected values are not achieved. In connection with New Acquisitions, there may be liabilities that the Company failed to discover or were unable to quantify in its due diligence. The representations, warranties and indemnities contained in the agreements for the New Acquisitions may be limited and the Company's ability to seek remedies for breach of such provisions following completion of the New Acquisitions could prove to be limited.

Integration of the operations of New Acquisitions with the Company's existing business may be a complex, time-consuming and costly process. Failure to successfully integrate New Acquisitions and their operations in a timely manner may have a material adverse effect on the Company's business, financial position and results of operations. The difficulties of integrating the New Acquisitions include, among other things:

- (i) operating a larger organization;
- (ii) operating in a new jurisdiction;
- (iii) coordinating geographically disparate organizations, systems and facilities;
- (iv) adapting to additional regulatory and other legal requirements;
- (v) integrating corporate, technological and administrative functions; and
- (vi) diverting management's attention from other business concerns.

The process of integration could cause an interruption of, or a slowdown in, the activities of the Company's business. Members of the management team may be required to devote considerable amounts of time to this integration process, which will decrease the time they will have to manage the

business. If the management is not able to effectively manage the integration process, or if any business activities are interrupted as a result of the integration process, the Company's business could suffer.

The Company expects that New Acquisitions will generate specific synergies, e.g. in relation to customer base, distribution network and product offerings. Achieving the benefits of New Acquisitions depends in part on successfully consolidating functions and integrating operations, procedures and personnel in a timely and efficient manner, as well as the Company's ability to realize the anticipated growth opportunities from integrating the New Acquisitions into its existing business.

For the reasons set out above and below, and for other reasons not described in this Prospectus, the Company may fail to realize any of the anticipated benefits of New Acquisitions. If such expected synergies are not obtained, this may adversely affect the Company's business, financial position and result of operations. Finally, growth through acquisitions requires financial strength and often also external financing, which may not be obtained at all, or at acceptable terms, in the future.

1.1.18 Insurance

The Group keeps the business insured through different insurance policies such as property and professional liability insurances. The Company is of the opinion that the Group's insurance protection is sufficient to cover risks normally associated with its business operations. However, there is a risk that the Group's current insurance protection cannot be maintained with acceptable terms or at all or that future demands will not be fully covered by the Group's insurance protection, which may have an adverse effect on the Company's business, financial position and results of operations.

1.1.19 Liquidity and refinancing risks

The Group is exposed to liquidity and refinancing risks, which refer to costs that may increase and that opportunities may be limited when loans are refinanced, and that payment obligations may not be met due to insufficient liquidity or difficulties in obtaining financing.

The Group's business is capital intensive. Access to liquidity is a fundamental prerequisite for developing a successful loan business. The Group plans ahead using forecasting models in order to anticipate any change in funding that may be required well in advance of the actual need. Any forecasting models include a certain level of estimations and expectations on future conditions and there is always a risk that such estimations and expectations will not materialize or prove to be incorrect. If the Company's liquidity sources prove not to be sufficient, there is a risk that the Company will only be able to meet its payment obligations by raising funds on terms which may significantly increase its financing costs or that the Company will not be able to meet its payment obligations at all and as a result thereof default under material agreements entered into by the Company, which could have a material adverse effect on the Company's business, financial position and result of operations.

1.1.20 Interest rate risk

Interest rate risks refer to risks that result from changes in the market interest which may materially adversely affect the Group's net interest income. Interest rate risks are attributable to the development of the current interest rate levels. How quickly a change in interest rates affects the net interest income depends on the maturity of the financial assets and financial liabilities. Extreme fluctuations in interest rate may consequently have a material adverse effect on Company's business, financial position and results of operations.

1.1.21 Exposure to currency risks

The Group operates in several countries and as a result, generates revenues, incurs costs and grants loans within the Group and to customers in a number of currencies. Consequently, the Group's results of operations are subject to currency exchange rate fluctuations. Because the consolidated financial statements of the Company are prepared in USD, the Group also faces a currency translation risk to the extent that the assets, liabilities, revenues and expenses of the Company or its subsidiaries are denominated in currencies other than USD.

Consequently, there is a risk that increases and decreases in the value of the USD versus local currencies of the Company or its subsidiaries will affect the amount of these items in the Group's consolidated financial statements, even if their value has not changed in the original currency.

Furthermore, the financing of the Company and the interest costs related to the Bonds are in Swedish kronor.

1.2 Risks relating to the Bonds

1.2.1 Credit risks

An investment in the Bonds carries a credit risk relating to the Company and the Group. The investor's ability to receive payment under the Terms and Conditions is therefore dependent upon the Company's ability to meet its payment obligations, which in turn is largely dependent upon the performance of the Group's operations and its financial position. The Group's financial position is affected by several factors, a number of which have been discussed above.

An increased credit risk may cause the market to charge the Bonds a higher risk premium, which would affect the Bonds' value negatively.

1.2.2 Refinancing risk

The Company may be required to refinance certain or all of its outstanding debt, including the Bonds. The Company's ability to successfully refinance its debt obligations is dependent upon the conditions of the capital markets and the Company's financial position at such time. Even if the markets and the Company's financial position are favourable, the Company's access to financing sources may not be available on acceptable terms, or at all. The Company's inability to refinance its debt obligations on acceptable terms, or at all, could have a material adverse effect on the Company's business, financial position and results of operations and on the bondholders' recovery under the Bonds.

1.2.3 Interest rate risks

The Bonds' value depends on several factors, one of the most significant over time being the level of market interest. Investments in the Bonds involve a risk that the market value of the Bonds may be adversely affected by changes in market interest rates. As the market rate of interest is largely dependent on the Swedish and international economic development, this is a risk factor which the Company cannot control.

1.2.4 Liquidity risks

The Company has undertaken to list the Bonds on the corporate bond list of Nasdaq Stockholm within 60 calendar days after the issue date of the Bonds. It is further the Company's intention to complete such listing within 30 days after the issue date of the Bonds. However, there is a risk that the Bonds will

not be admitted to trading. Further, even if securities, including the Bonds, are admitted to trading on Nasdaq Stockholm, there is not always active trading in the securities, so there is a risk that the market for trading in the Bonds will be illiquid even if the Bonds are listed. This may result in the fact that the bondholders cannot sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market. Lack of liquidity in the market may have a negative impact on the market value of the Bonds. Furthermore, the nominal value of the Bonds may not be indicative compared to the market price of the Bonds if they are admitted for trading on Nasdaq Stockholm.

It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

1.2.5 The market price of the Bonds may be volatile

The market price of the Bonds could be subject to significant fluctuations in response to actual or anticipated variations in the Group's operating results and those of its competitors, adverse business developments, changes to the regulatory environment in which the Group operates, changes in financial estimates by securities analysts and the actual or expected sale of a large number of Bonds, as well as other factors. In addition, in recent years the global financial markets have experienced significant price and volume fluctuations, which, if repeated in the future, could adversely affect the market price of the Bonds without regard to the Group's operating results, financial position or prospects.

1.2.6 Structural subordination and insolvency of subsidiaries

All assets are owned by and all revenues are generated in subsidiaries of the Company. The subsidiaries are legally separated from the Company and have no obligation to make payments to the Company of any surpluses generated from their business. The subsidiaries' ability to make payments is restricted by, among other things, the availability of funds, corporate restrictions and local law. Furthermore, in the event of insolvency, liquidation or a similar event relating to one of the subsidiaries, all creditors of such subsidiary would be entitled to payment in full out of the assets of such subsidiary before any entity within the Group, as a shareholder, would be entitled to any payments. Thus, the Bonds are structurally subordinated to the liabilities of the subsidiaries. There is a risk that the Group and its assets would not be protected from any actions by the creditors of any subsidiary of the Group, whether under bankruptcy law, by contract or otherwise. In addition, defaults by, or the insolvency of, certain subsidiaries of the Company could result in the obligation of the Company to make payments under parent company financial or performance guarantees in respect of such subsidiaries' obligations or the occurrence of cross defaults on certain borrowings of the Group.

1.2.7 Contractual subordination and unsecured obligations

The Bonds are subordinated to all of the Company's unsubordinated present and future debts. In the event of liquidation or insolvency of the Company, the Company will be required to pay all unsubordinated creditors in full (including holders of any unsubordinated market debt) before the Company makes any payment on the Bonds. Should the Company not have sufficient funds to meet all of its payment obligations, the Bonds may not be fully repaid or may not be repaid at all.

Each investor should also be aware of that the Bonds are unsecured obligations of the Company. Because the Bonds are unsecured and subordinated there is a risk that an investor in the Bonds may lose all or part of its investment in the event of liquidation or insolvency of the Company.

1.2.8 Risks related to early redemption

Under the Terms and Conditions, and as described in the Term Sheet, the Company has reserved the possibility to redeem all outstanding Bonds before the final redemption date. If the Bonds are redeemed before the final redemption date, the bondholders have the right to receive an early redemption amount which exceeds the nominal amount of the Bonds. However, there is a risk that the market value of the Bonds is higher than the early redemption amount and that it may not be possible for bondholders to reinvest such proceeds at an effective interest rate as high as the interest rate on the Bonds and may only be able to do so at a significantly lower rate.

The Bonds may be subject to mandatory repayment upon a change of control event (as described under the section “Mandatory Early Redemption Event” in the Term Sheet and stipulated in the Terms and Conditions). There is, however, a risk that the Company will not have sufficient funds at the time of such prepayment to make the required prepayment of Bonds.

1.2.9 No action against the Company and bondholders’ representation

In accordance with the Terms and Conditions, the agent will represent all bondholders in all matters relating to the Bonds and the bondholders are prevented from taking actions on their own against the Company. Consequently, individual bondholders do not have the right to take legal actions to declare any default by claiming any payment from or enforcing any security granted by the Company and may therefore lack effective remedies unless and until a requisite majority of the bondholders agree to take such action. However, the possibility that a bondholder, in certain situations, could bring its own action against the Company (in breach of the Terms and Conditions) cannot be ruled out, which could negatively impact an acceleration of the Bonds or other action against the Company. To enable the agent to represent bondholders in court, the bondholders may have to submit a written power of attorney for legal proceedings. The failure of all bondholders to submit such a power of attorney could negatively affect the legal proceedings.

Under the Terms and Conditions, the agent will in some cases have the right to make decisions and take measures that bind all bondholders. Consequently, the actions of the agent in such matters could impact a bondholder’s rights under the Terms and Conditions in a manner that would be undesirable for some of the bondholders.

1.2.10 Bondholders’ meetings

The Terms and Conditions will include certain provisions regarding bondholders’ meetings. Such meetings may be held in order to resolve on matters relating to the bondholders’ interests. The Terms and Conditions will allow for stated majorities to bind all bondholders, including bondholders who have not taken part in the meeting and those who have voted differently to the required majority at a duly convened and conducted bondholders’ meeting. Consequently, the actions of the majority in such matters could impact a bondholder’s rights in a manner that would be undesirable for some of the bondholders.

1.2.11 Restrictions on the transferability of the Bonds

The Bonds have not been and will not be registered under the U.S. Securities Act of 1933, as amended, or any U.S. state securities laws. A holder of the Bonds may not offer or sell the Bonds in the United States. The Company has not undertaken to register the Bonds under the U.S. Securities Act or any U.S. state securities laws or to affect any exchange offer for the Bonds in the future. Furthermore, the Company has not registered the Bonds under any other country's securities laws. Each potential investor should read the information under the heading "Important information" for further information about the transfer restrictions that apply to the Bonds. It is the bondholder's obligation to ensure that the offers and sales of Bonds comply with all applicable securities laws.

1.2.12 Risks relating to the clearing and settlement in Euroclear's book-entry system

The Bonds will be affiliated to Euroclear's account-based system, and no physical notes will be issued. Clearing and settlement relating to the Bonds will be carried out within Euroclear's book-entry system as well as payment of interest and repayment of the principal. Investors are therefore dependent upon the functionality of Euroclear's account-based system.

3 The Bonds in brief

This section contains a general and broad description of the Bonds. It does not claim to be comprehensive or cover all details of the Bonds. Potential investors should therefore carefully consider this Prospectus as a whole, including the documents incorporated by reference (see section 6 (Overview of financial reporting and documents incorporated by reference) below), before a decision is made to invest in the Bonds. The full Terms and Conditions can be found under section 8 (Terms and Conditions for the Bonds) below. Concepts and terms defined in section 8 (Terms and Conditions for the Bonds) are used with the same meaning in this section unless otherwise is explicitly understood from the context or otherwise defined in this Prospectus.

The Bonds are debt instruments (Sw. *skuldförbindelser*), intended for public market trading, which confirm that each Holder has a claim against the Company. The board of directors of the Company resolved to issue the Bonds on 7 November 2014. The purpose of the Bond Issue was to raise funds to be used for general corporate purposes, including acquisitions. The Issue Date for the Bonds was 17 November 2014. The Bonds will mature on 17 November 2019.

The aggregate Nominal Amount of the Bonds issued on the Issue Date was SEK 650,000,000 represented by Bonds denominated in SEK with ISIN SE0006451712, each with a Nominal Amount of SEK 1,000,000. The Bonds were issued at a price equal to 100 per cent. of the Nominal Amount. The Company have chosen not to issue the full amount of Bonds on the Issue Date and may, provided that no Event of Default is continuing or would result from such issue, choose to issue the remaining amount of Bonds at one or more subsequent dates. The price of Bonds issued in a Subsequent Bond Issue may be set at a discount or at a higher price than the Nominal Amount. As of the date of this Prospectus, SEK 650,000,000 of the bond loan has been issued.

The Bonds have been issued in accordance with Swedish law and are connected to the account-based system of Euroclear Sweden AB, registration number 556112-8074, P.O. Box 191, SE-101 23 Stockholm, Sweden. This means that the Bonds are registered on behalf of the Holders on a securities account (Sw. *VP-konto*). No physical notes have been or will be issued. Payment of principal, interest and, if applicable, withholding of preliminary tax will be made through Euroclear's book-entry system.

The Bonds constitute direct, general, unconditional, subordinated and unsecured obligations of the Company and shall at all times rank *pari passu* without any preference among themselves. In the event of liquidation or insolvency of the Company, the Bonds will not be paid out of the Company's assets until all of the Company's unsubordinated debts have been paid in full. However, the Bonds shall rank *pari passu* with other outstanding subordinated debts, which are not explicitly subordinated to the Bonds. The Company reserves the right to issue additional subordinated debt and in doing so provide that such subordinated debt shall rank *pari passu* with the Bonds.

The Company shall redeem all outstanding Bonds at 100 per cent. of the Nominal Amount together with accrued and unpaid Interest on the Final Redemption Date, unless previously redeemed, repaid or repurchased and cancelled in accordance with Clause 10 (*Early redemption by request of the Company*), Clause 11 (*Mandatory Early Redemption due to a Change of Control Event*), Clause 12 (*The Company's and the other Group Companies' purchase of Bonds*) or Clause 14 (*Acceleration of the Bonds*) of the Terms and Conditions.

The Company may choose to redeem all, but not only some, of the Bonds on any Banking Day (provided that the Company's maximum SEK 700,000,000 13% bonds 2010/2015

(ISIN SE0003617216) have been redeemed in full or that the special undertaking in Section 10.1 (f) of the terms and conditions for those bonds has been waived by the bondholders) at a redemption price equal to the Make Whole Amount or the relevant Early Redemption Amount, in both cases together with accrued interest (see further Clause 10 (*Early redemption by request of the Company*) of the Terms and Conditions). Upon a Change of Control Event occurring, without consent of the Holders, the Company shall redeem all Bonds at the Early Redemption Amount together with accrued but unpaid interest (see further Clause 11 (*Mandatory Early Redemption due to a Change of Control Event*) of the Terms and Conditions).

Payment of the Nominal Amount and/or interest will be made to the person who is a Holder on the Record Date immediately preceding the relevant payment date. Payments shall be made in SEK. The right to receive payment of the Nominal Amount is time-barred and becomes void ten (10) years from the relevant Redemption Date, unless the limitation period is duly interrupted.

The Bonds bear interest from, but excluding, the Issue Date up to, and including, the relevant Redemption Date at fixed rate of fourteen (14.00) per cent. per annum. The interest is paid annually in arrears on each Interest Payment Date and is calculated on a 30/360-days basis. The Interest Payment Dates are 17 November each year (with the first Interest Payment Date on 17 November 2015 and the last Interest Payment Date being the Final Redemption Date). The right to receive payment of interest is time-barred and becomes void three (3) years from the relevant due date for payment.

CorpNordic Sweden AB, registration number 556625-5476, P.O. Box 16285, SE-103 25 Stockholm, Sweden, is initially acting as Agent in relation to the Bonds, and, if relevant, any other matter within its authority or duty in accordance with the Terms and Conditions. Even without separate authorisation from the Holders and without first having to obtain the Holders' consent, the Agent, or a person appointed by the Agent, is entitled to represent the Holders in every matter concerning the Bonds and the Terms and Conditions. The Agent is authorised to act on behalf of the Holders whether or not in court or before an executive authority (including any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Bonds). Each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney (in form and substance to the Agent's satisfaction), as the Agent deems necessary for the purpose of carrying out its duties under the Terms and Conditions. The Agent is under no obligation to represent a Holder which does not comply with such request of the Agent.

Each of the Company, the Agent and Holders representing at least ten (10) per cent. of the total outstanding Nominal Amount, may request that a Holders' meeting is convened or request a procedure in writing among the Holders (see further Clause 16 (*Holdings' meeting and procedure in writing*) of the Terms and Conditions). Such Holders' meeting or procedure in writing may, upon votes representing a relevant majority of Holders eligible for voting, cause resolutions to be validly passed and binding on all Holders.

An agreement was entered into between the Agent and the Company on or about the Issue Date regarding, *inter alia*, the remuneration payable to the Agent.

If both the Nominal Amount and interest are due for payment and if the available funds are insufficient to discharge all the amounts due and payable, the available funds shall first be applied towards payment of all fees, costs and expenses, secondly towards payment of interest and thirdly towards payment of the Nominal Amount.

The Bonds are freely transferrable and trading can occur from the Issue Date. Holders may, however, be subject to purchase or transfer restrictions with regard to the Bonds, as applicable from time to time under local laws to which a Holder may be subject (due to, *e.g.*, its nationality, its residency, its registered address or its place(s) for doing business). Each Holder must ensure compliance with local laws and regulations applicable at their own cost and expense. All Bond transfers are subject to the Terms and Conditions and the Terms and Conditions are automatically applicable in relation to all Bond transferees upon the completion of a transfer.

To simplify trading in the Bonds, the Company intends to apply for listing of the Bonds on Nasdaq Stockholm in connection with the Swedish Financial Supervisory Authority's approval of this Prospectus. The fact that an application regarding listing of the Bonds on Nasdaq Stockholm has been submitted does not mean that the application will be approved. The number of Bonds being admitted to trading if the application is approved by Nasdaq Stockholm is 650. The earliest date for admitting the Bonds to trading on Nasdaq Stockholm is on or about 10 December 2014. The total expenses related to the admission to trading are estimated to amount to SEK 140,000. The Terms and Conditions include an undertaking by the Company to ensure (i) that the Bonds are listed on Nasdaq Stockholm not later than sixty (60) calendar days after Issue Date (whereas the intention of the Company is to list the Bonds on Nasdaq Stockholm within thirty (30) calendar days after Issue Date) and to take all measures required to ensure that the Bonds continue being listed on Nasdaq Stockholm for as long as any Bonds are outstanding, and (ii) that, upon any Subsequent Bond Issue, the volume of Bonds listed on Nasdaq Stockholm promptly, and not later than ten (10) Banking Days after the relevant issue date, is increased accordingly. For the avoidance of doubt, Bonds issued in any Subsequent Bond Issue may be admitted to trading pursuant to this Prospectus within one year after the approval of this Prospectus by the Swedish Financial Supervisory Authority.

1. Shareholder which is a party to the shareholders' agreement in respect of the Company as further described in section 4.8 (*Shareholders' agreements*) below.

2 Shareholder which has been issued shares under the employee long term incentive plan as further described in section 4.8 (*Shareholders' agreements*) below.

The Company has one shareholder, Kinnevik New Ventures AB, who is considered to be a major shareholder due to that its shareholding exceeds 30 per cent. of the total number of issued shares. Due to that, the shareholder base of the Company also consist of several other large shareholders, it is however not considered that this shareholder hold a significant premium. In addition, there are significant minority protection rights in the shareholders' agreement which further limit the influence of this major shareholder.

The Company is the parent company of the Group with 22 direct and indirect subsidiaries, located in the Republics of Botswana, Colombia, Ghana, Mauritius, Mozambique, Rwanda, South Africa, Tanzania, Uganda, Mexico and Zambia as well as in the United Kingdom. All operational subsidiaries except the South African entities are owned together with local partners and managers. The Company's direct or indirect holdings in its subsidiaries are in no case less than 60 per cent. The Company holds no significant assets other than the investments in the operational Group companies and is therefore dependent upon the receipt of income related to the operation of and the ownership in these companies.

The Company runs the Group office which determines the regulatory, funding, treasury and compliance requirements across the Group. The Company has an oversight role in the Group in ensuring that the operations meet the standards of responsible corporate behaviour relating to the Group's lending practice.

4.3 Business and operations

In accordance with the constitution of the Company, adopted on 29 June 2011, the objects of the Company are:

- (i) to engage in global business as permitted under the Financial Services Act 2007, the Act and any other laws for the time being in force in the Republic of Mauritius;
- (ii) to borrow money and to mortgage or charge its undertakings and property or any part thereof, to issue debentures, debenture stocks and other securities whenever money is borrowed or as security for any debt, liability or obligation of the Company; and
- (iii) to do all such other things as are incidental to, or the Company may think conducive to the conduct, promotion or attainment of the objects of the Company.

The Group started its operations in Zambia in 2002 when introducing a pay-roll-deduction lending scheme in co-operation with the mining labour union. The Group's activities in Zambia later evolved through lending to employees of the Zambian civil service. The Group continued its operation by introducing its business in several African countries and later in South America.

The majority of the subsidiaries of the Group are involved in the provision and underwriting of unsecured term finance to the employed mass market and earn their revenue in the form of interest incomes and administration fees relating to the loans to their customers. The subsidiaries mainly provide loans to people employed by the government in the respective countries. The repayment of the individual loans is carried out either through direct deduction from the employees' pay-roll in accordance with agreements concluded between the subsidiaries and the employees (for all countries with the exception of South Africa) or through direct deduction from the customers bank account in accordance with agreements concluded between the subsidiary and the customer (in South Africa). No other security is provided by the customer under the individual loan agreements and any outstanding amount under the loan agreements may therefore not be recovered from the payroll if the customer has left his/her employment or is dismissed. In these cases, the subsidiaries can collect from the customers' bank account. All subsidiaries of the Group offer credit life insurances, which are underwritten by local insurance companies, to its customers.

4.4 Litigation

During the previous twelve months, the Company has not been and is not aware of any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened) which may have, or have had in the recent past, significant effects on the Company's and/or the Group's financial position or profitability. However, the Company is from time to time involved in legal proceedings in the ordinary course of business.

4.5 Material agreements

No Group company is party to any material agreement outside the ordinary course of business which could result in such company having a right or an obligation that could materially affect the Company's ability to meet its obligations to the bondholders.

4.6 Credit ratings

Neither the Company nor the Bonds have a credit rating from an international credit rating institute.

4.7 Significant adverse changes and recent events

There has been no material adverse change in the prospects of the Company since the date of publication of its last audited financial report and no significant change in the financial or market position of the Group since the end of the last financial period for which interim financial information has been published.

Except for the issuance of the Bonds and the events described below, there have been no recent events particular to the Company which are to a material extent relevant to the evaluation of the Company's solvency.

On 8 October 2014, the Company's indirect subsidiary Actvest Mexico S.A.P.I de C.V, SOFOM, E.N.R. ("**Actvest Mexico**") entered into a stock purchase agreement to acquire 60 per cent. of the shares in Financiera Fortaleza, S.A. de C.V., SOFOM, E.N.R. ("**Financiera Fortaleza**"), a micro finance

business incorporated in Mexico. Closing of the acquisition occurred in November 2014, whereby Financiera Fortaleza became a subsidiary of Actvest Mexico.

On 22 October, the Company entered into certain agreements to acquire 100 per cent. of the shares in Bayport Financial Services 2010 Proprietary Limited and Zenthyme Investments Proprietary Limited from Transaction Capital Limited. The transaction was declared unconditional as of 1 January 2014, whereby the acquired entities became wholly owned subsidiaries of the Company.

4.8 Shareholders' agreements

The major shareholders of the Company (as indicated by the table in section 4.2 (*Share capital, shares, ownership structure and governance*) above) have entered into a shareholders' agreement in respect of the Company. This shareholders' agreement replaces in its entirety the shareholders' agreement entered into on 22 July 2010, and governs the on-going management and affairs of the Company, including, *e.g.*, the formation and procedures of the board of directors, shareholders' meetings, financing and transfers of shares.

By a unanimous resolution of the shareholders and directors of the Company dated 31 October 2012, the shareholders and directors have respectively approved a resolution authorising the directors of the Company to issue shares under an employee long term incentive plan. Under the long term incentive plan, shares may be purchased by employees and directors of the Group from their own funds or through loans made by the Company. In addition, the Company may award shares for no consideration subject to the satisfaction of performance targets. The maximum number of shares available under the plan may not exceed 849,000. As of the date of this Prospectus, 180,024 shares had been issued under the plan.

The employees holding shares under the employee long term incentive plan have not adhered to the shareholders' agreement described above. The rationale behind that is that not all clauses in the shareholders' agreement apply to the participants of the long term incentive plan. However, each participant has entered into an award agreement with the Company. Although the terms of the award agreement are not identical to those of the shareholders' agreement, the award agreement does contain the essential features of the shareholders' agreement.

Except for the above mentioned shareholders' agreement and the award agreement, and as far as the Company is aware, no other shareholders' agreements or other agreements exist between the present shareholders in the Company for the purpose of creating joint influence over the Company or changing the control of the Company.

8.2 Payments of principal and interest

If a Holder has registered, through an Account Operator, that capital and interest shall be paid to a designated bank account, such payment will be effected by the CSD on the relevant payment date. In other cases, payments will be transferred by the CSD to the Holder at the address registered with the CSD on the Record Date. If a day on which an amount becomes due and payable is not a Banking Day the amount will be deposited or transferred the next following Banking Day. However, interest only accrues up to and including the relevant due date.

Should the CSD, due to a delay on behalf of the Company or some other obstacle, not be able to effect the payment of amounts according to the aforesaid, the CSD will pay such amount to the Holders as soon as possible after such obstacle has been removed. Payment will be made to the person registered as Holder on the Record Date immediately preceding the actual payment date.

If a person to whom payment has been made in accordance with the above was not entitled to receive such payment, the Company and the CSD shall nevertheless be deemed to have fulfilled their obligations, provided that the Company and/or the CSD did not have knowledge that such payment was made to a person not entitled to receive such amount and provided that the Company and/or the CSD acted with normal care.

Accrued default interest shall not be capitalized.

9.2 If the delay is due to an existence of an obstacle for the Company, the Agent, the CSD or the Issuing Agent respectively, as set out in Section 23.1, the default interest shall not exceed the relevant Interest Rate.

10 Early redemption by request of the Company

10.1 All Bonds, but not only some, can be redeemed early at the option of the Company on any Banking Day (provided that the Company's maximum SEK 700,000,000 13% bonds 2010/2015 (ISIN SE0003617216) have been redeemed in full or that the special undertaking in Section 10.1 (f) of the terms and conditions for those bonds has been waived by the bondholders). The Company can exercise its option by giving the Holders not less than thirty (30) days' notice in accordance with Section 21. The notice shall be irrevocable and state the date of early redemption and the relevant Record Date.

10.2 The Bonds shall be redeemed at the Early Redemption Amount together with accrued interest in accordance with Section 6 from, but excluding, the preceding Interest Payment Date up to, and including, the date of early redemption.

11 Mandatory Early Redemption due to a Change of Control Event

If a Change of Control Event occurs without consent of Holders representing at least fifty (50) per cent. of the total outstanding Nominal Amount represented at a Holders' meeting or a procedure in writing pursuant to Section 16, the Company shall redeem all Bonds at the Early Redemption Amount together with accrued but unpaid interest. The redemption shall occur within twenty (20) Banking Days from the Change of Control Event. The Company shall give notice in accordance with Section 21 to the Agent and the Holders of the Change of Control Event at the latest immediately after its occurrence, which notice shall also state the date of early redemption and the relevant Record Date.

12 The Company's and the other Group Companies' purchase of Bonds

12.1 The Company and any of the other Group Companies may at any time purchase Bonds on the market or in any other way. 13 Special undertakings

13.1 So long as any Bonds remain outstanding, the Company undertakes:

- (a) to ensure (i) that the Bonds are listed at the corporate bond list on Nasdaq Stockholm not later than sixty (60) calendar days after Issue Date (whereas the intention of the Company is to list the Bonds at the corporate bond list on Nasdaq Stockholm within thirty (30) calendar days after Issue Date) and to take all measures required to ensure that the Bonds continue being listed on Nasdaq Stockholm for as long as any Bonds are outstanding (however, taking into account the rules and regulations of Nasdaq Stockholm and the CSD (as amended from time to time) preventing trading in the Bonds in close connection to the redemption of the Bonds) and (ii) that, upon any Subsequent Bond Issue, the volume of Bonds listed at the corporate bond list on Nasdaq Stockholm promptly, and not later than ten (10) Banking Days after the relevant issue date, is increased accordingly; and
- (b) to prepare and publish Quarterly Reports not later than two (2) months after the end of the relevant quarter. When the Bonds are listed, the Quarterly Report shall be published in accordance with the applicable rules and regulations of Nasdaq Stockholm (as amended from time to time) and the Swedish Securities Market Act (*Sw. lag (2007:528) om värdepappersmarknaden*).

13.2 The Agent is entitled to, on behalf of the Holders, waive, partly or in full, the provisions in Section 13.1 if satisfactory collateral or other security arrangements, in the Agent's absolute discretion, are provided in respect of the Company's proper discharge of its obligations under the Bonds.

14 Acceleration of the Bonds

14.1 The Agent is entitled, on behalf of the Holders, to terminate the Bonds and to declare all but not only some of the Bonds due for payment immediately or at such later date as the Agent determines (such later date not being a date falling later than twenty (20) Banking Days from the date on which the Agent made such declaration), if:

- (a) the Company fails to pay an amount on the date it is due in accordance with these Terms and Conditions unless its failure to pay is due to an existence of an obstacle for the Company as set out in Section 23.1 or payment is made within five (5) Banking Days of the due date;
- (b) the Company does not comply with these Terms and Conditions in any other way than as set out in Section 14.1 (a), provided that the Agent has requested the Company in writing to remedy such failure and the Company has not remedied such failure within twenty five (25) Banking Days from such request (if in the opinion of the Agent, the

failure or violation is not capable of being remedied, the Agent may declare the Bonds payable without such prior direction);

- (c) any Relevant Entity does not pay on the due date any amount payable pursuant to any loan and/or any other financial indebtedness, exceeding USD three million (3,000,000), taken up by that Relevant Entity, if the total loan is declared, or could have been declared, due and payable prior to its specified maturity as a result of the defaulted payment, or, if the agreement does not contain a termination clause or if the defaulted payment would have been the final payment, if payment is not made within fifteen (15) calendar days after receiving a written, justified, demand from the creditor, but always provided that the creditor has not waived its right of payment, or an event of default howsoever described (or any event which with the giving of notice, lapse of time, determination of materiality or fulfilment of any other applicable condition or any combination of the foregoing would constitute such an event of default) occurs under any loan and/or any other financial indebtedness of the Relevant Entity, exceeding USD three million (3,000,000);
- (d) any Relevant Entity, within thirty (30) calendar days after receiving a written, justified, demand, does not fulfil its obligations according to any personal security (Sw. *borgen*) or guarantee provided as security for any other persons loan or if it does not fulfil its commitment to remunerate someone for what that person has paid pursuant to a personal security or guarantee, provided that such obligation or commitment exceeds USD three million (3,000,000) and the creditor has not waived its right of payment;
- (e) any Relevant Entity suspends its payments on any of its debts;
- (f) any Relevant Entity is declared bankrupt;
- (g) any Relevant Entity takes any corporate action or if other steps are taken or legal proceedings are started (other than proceedings which are being disputed in good faith by appropriate legal proceedings and are withdrawn or struck out or dismissed within thirty (30) calendar days) by any person for such Relevant Entity's winding-up, dissolution, administration or re-organisation or for the appointment of a liquidator, provisional liquidator, receiver, administrator, administrative receiver, trustee or similar officer of it or of any or all of its revenues and assets or any execution or diligence is levied against all or a material (as determined by the Agent in its reasonable discretion) part of its revenues and assets; or

- (h) a decision is made that any Material Group Company shall be merged and/or demerged into a company which is not a Group Company, unless the Agent has given its consent (not to be unreasonably withheld or delayed) in writing prior to the merger and/or demerger (where consent is not to be understood as a waiver of the rights that applicable law at the time assigns the concerned creditors). Such consent shall only be given if an accountant, engaged in accordance with Section 18.2 (e), has assured that the merger or demerger, as applicable, will not adversely affect the Holders' interest.
- 14.2** If the Bonds are declared due and payable, the Company shall redeem the Bonds at a redemption amount equal to the Bonds' Nominal Amount plus the accrued interest, if any, pursuant to Section 6 from, but excluding, the preceding Interest Payment Date (or, if such date has not occurred, the Issue Date), up to and including the payment date.
- 14.3** Termination for payment prematurely on the grounds mentioned in Sections 14.1 (b), (c) or (d) or, regarding any of the Companies Subsidiaries, on the grounds mentioned in Sections 14.1 (e), (f), (g) and (h) may however only occur if the nature of the particular circumstance is such that it could adversely and materially affect the Holders' interests and that the cause of termination is continuing at the time of the Agent's declaration.
- 14.4** If the right to termination is based upon a decision of a court of law, a government authority or an annual general meeting, it is not necessary that the decision has acquired legal force or that the period of appeal has expired in order for cause of termination to be deemed to exist.
- 14.5** The Company is obliged to inform the Agent immediately if any circumstance of the type specified in Section 14.1 should occur. Should the Agent not receive such information, the Agent is entitled to assume that no such circumstance exists or can be expected to occur provided that the Agent does not have knowledge of such circumstance. At the request of the Agent the Company shall within five (5) Banking Days provide the Agent with a certificate regarding the circumstances dealt with in Section 14.1. The Company shall further provide the Agent with such details as the Agent may request regarding any circumstances referred to in Section 14.1 and provide at the request of the Agent all documents that may be of significance in the application of this Section 0.
- 14.6** The Company is only obliged to inform the Agent according to Section 14.5 if informing the Agent would not conflict with any statute or, when the Bonds are listed, the Company's registration contract with Nasdaq Stockholm.

- 14.7** If the Agent has been notified by the Company or has otherwise determined that there is a default under these Terms and Conditions according to Section 14.1, the Agent shall decide, within ten (10) Banking Days of the day of notification or determination, if the Bonds shall be declared terminated. If the Agent has decided not to terminate the Bonds, the Agent shall, at the earliest possible date, notify the Holders that right to termination is at hand and obtain judgement on the matter from the Holders according to the provisions in Section 14. If the Holders decide for termination to occur, the Agent shall promptly declare the Bonds terminated. If the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not be obliged to terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Holders that the cause for termination has ceased. If the Holders, without prior initiative to decision from the Agent or the Company, have made a decision regarding termination in accordance with Section 15, the Agent shall promptly declare the Bonds terminated. The Agent is however not liable to take action if the Agent considers cause for termination not to be at hand, unless the instructing Holders in writing commit to holding the Agent indemnified and, at the Agent's own discretion, grant sufficient security for the obligation.
- 14.8** For the avoidance of doubt, the Bonds cannot be terminated and become due for payment prematurely according to this Section 0 without relevant decision by the Agent or by the Holders' meeting pursuant to Section 16.

15 The Agent

15.1 The Agent's right to represent the Holders

- (a) Even without a separate authorisation from the Holders and without having to obtain any Holders' consent (if not required to do so under these Terms and Conditions), the Agent, or a person appointed by the Agent, is entitled to represent the Holders in every matter concerning the Bonds and these Terms and Conditions and is authorised to act on behalf of the Holders whether or not in court or before an executive authority (including any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Bonds).
- (b) Each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney (in form and substance to the Agent's satisfaction), which the Agent deems necessary for the purpose of carrying out its duties under these Terms and Conditions. The Agent is under no obligation to represent a Holder which does not comply with such request of the Agent.

- (c) Other than to the extent expressly provided for under these Terms and Conditions, no Holder may take any actions whatsoever on its own against the Company in matters relating to the Bonds and these Terms and Conditions. Further, no Holder may take any legal steps whatsoever to recover any amount due or owing to it pursuant to these Terms and Conditions, or file an application for, or otherwise take any legal steps in respect of, the winding-up, bankruptcy, or liquidation of the Company or the making of an administration order in relation to the Company or the service of a notice of intention to appoint an administrator in relation to the Company in respect of any of the liabilities of the Company whatsoever under these Terms and Conditions, other than to the extent expressly permitted under these Terms and Conditions.
- (d) Notwithstanding Section 15.1 (c) above and without having to observe the provisions in Section 14.8 and 15.1, the Holders may jointly (i) take actions to enforce their rights under these Terms and Conditions against the Company if the Agent does not have legal right (Sw. *talerätt*) to bring an action or initiate a procedure under or in connection with these Terms and Conditions before any courts or other authorities and if the Agent has not been granted a power of attorney to do so, (ii) take any actions which the Agent has refrained from taking if the Agent has been instructed in accordance with these Terms and Conditions to take such actions and the Agent has refrained from taking the actions within a reasonable time in breach of these Terms and Conditions, and (iii) represent their own holdings of Bonds against the Company if the Agent has notified the Holders that it will not take further actions in accordance with Section 15.4 ((i), (ii) and (iii) are together and individually referred to as a “**Relevant Action**”). However, any Relevant Action may only be taken after a Holders’ meeting has decided to take such action. The Holders’ meeting shall be convened in accordance with these Terms and Conditions. However, a Holders’ meeting pursuant to this Section can be convened by the Agent (or by a Holder in accordance with Section 16 (k)) irrespective of whether the requesting Holders represents ten (10) per cent. of the total outstanding Nominal Amount or not. Further, a resolution at a Holders’ meeting in accordance with this Section may be passed with simple majority.

15.2 The role and authority of the Agent

- (a) The Agent shall monitor the compliance by the Company of its obligations under these Terms and Conditions. The Agent shall further arrange any Holders’ meetings that shall be held in accordance with

The Agent is not obligated to assess the Company's financial situation beyond what is directly set forth in these Terms and Conditions. The Agent shall carry out its duties under these Terms and Conditions in a reasonable, proficient and professional manner and with reasonable care and skill.

- (b) In performing its obligations, the Agent has a right to take any steps that it, in its sole discretion, deems necessary or appropriate to ensure and preserve the rights of the Holders under these Terms and Conditions, but does not have a right to adopt resolutions which give certain Holders, or any other persons, an unreasonable advantage at the expense of another Holder or Holders. The Agent may, in its sole discretion, postpone taking any action until the matter has been decided upon at a Holders' meeting.
- (c) The Agent may act as agent for several bond issues relating to the Company notwithstanding potential conflicts of interest. The Agent may delegate exercise of its powers to other professional parties.
- (d) For the avoidance of any doubt, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality. Further, the obligations of the Agent do not limit the Agent's right to discuss matters with the Company that are confidential in nature and which are not made public to the Holders.
- (e) The Agent may engage, pay for and rely upon the advice or services of any lawyers, accountants or other experts where such advice or services are reasonably required to fulfil its obligations under these Terms and Conditions. The costs for such third party advice shall be borne by the Company. The Agent is however obliged to always inform the Company prior to engaging any third party experts.

15.3 Replacement of Agent and Issuing Agent

- (a) The Agent and the Issuing Agent can be replaced by another Agent and/or Issuing Agent by the Holders in accordance with the procedures set out in Section 16.
- (b) The Agent may resign as agent and/or transfer its position as agent at any time, provided that no resignation by the Agent shall take effect until a new Agent has been appointed by the Company. If the Company has not appointed a new Agent within thirty (30) calendar days after the Agent has given the Company notice of its resignation, the Agent has

the right to appoint a new Agent. Until the resigning Agent has been replaced by a new Agent, the resigning Agent shall perform all its obligations under these Terms and Conditions. When a new Agent has been appointed, the resigning Agent shall bear no responsibility for acts or omissions during the time after the replacement of the Agent but shall continue to enjoy the rights under these Terms and Conditions. The Agent's successor, the Company, the Issuing Agent and the Holders shall have the same rights and obligations among themselves as they would have had if such successor would have been the original Agent.

- (c) The Issuing Agent may resign as issuing agent and/or transfer its position as issuing agent at any time, provided that no resignation by the Issuing Agent shall take effect until a new Issuing Agent has been appointed by the Company. Until the resigning Issuing Agent has been replaced by the new Issuing Agent, the resigning Issuing Agent shall perform all its obligations under these Terms and Conditions. When a new Issuing Agent has been appointed, the resigning Issuing Agent shall bear no responsibility for acts or omissions during the time after the replacement of the Issuing Agent but shall continue to enjoy the rights under these Terms and Conditions. The Issuing Agent's successor, the Company, the Agent and the Holders shall have the same rights and obligations among themselves as they would have had if such successor would have been the original Issuing Agent.
- (d) If the Agent or the Issuing Agent is subject to bankruptcy or financial reconstruction according to law or regulations from a supervising authority, the Company shall immediately appoint a new Agent or Issuing Agent which immediately shall replace the present Agent or Issuing Agent as Agent or Issuing Agent in accordance with these Terms and Conditions.
- (e) The Company may also appoint a new Agent or Issuing Agent which immediately shall replace the present Agent or Issuing Agent, if the Agent or Issuing Agent has, in a material way, failed to fulfil its obligations under these Terms and Conditions and does not, within a reasonable time, remedy such failure after the Company has made the Agent or the Issuing Agent aware thereof. If a new Agent is appointed, the Company may recover all costs, remuneration, fees and expenses

payable by the Company in relation to the new Agent under Sections 15.4 and 17 from the replaced Agent, provided that such costs, remuneration, fees and expenses exceed the costs, remuneration, fees and expenses that would have been payable if the Agent had not been replaced.

- (f) If the Agent or the Issuing Agent have resigned or been replaced in accordance with Sections 15.3 (a)–(e), the Agent and the Issuing Agent shall deliver all documents and provide all information to the new Agent or Issuing Agent that are necessary for them to perform their obligations under these Terms and Conditions.

15.4 Remuneration for the Agent

The Agent is, according to a separate agreement between the Company and the Agent, entitled to receive remuneration from the Company for acting as Agent in accordance with these Terms and Conditions. If the Agent, based on good reasons, believes that the Company is or will become insolvent the Agent is entitled to reserve reasonable remuneration from the Holders for its continued work in accordance with these Terms and Conditions, save that the Agent shall make the arrangements stated in Section 14.7 without having received remuneration or being indemnified by the Holders.

16 Holders' meeting and procedure in writing

- (a) Each of the Company, the Agent and Holders representing at least ten (10) per cent. of the total outstanding Nominal Amount, may request that a Holders' meeting is convened or request a procedure in writing among the Holders. Such request shall be made in writing, and notified in accordance with Section 21, to the Company and the Agent including (i) information regarding the issues that shall be decided and, where applicable, (ii) documentation of the holding of Bonds of the requesting Holders. The request shall clearly state that the matter is urgent. If the Agent establishes that a request for a Holders' meeting or procedure in writing has been made in due order the Agent shall, within twenty (20) Banking Days from receipt of such request, convene a meeting or initiate a procedure in writing. The Agent must not convene a Holders' meeting or initiate a procedure if the Agent determines that (i) the proposal must be approved by the Company and the Company informs the Agent that it will not give such approval, (ii) the proposal is not in accordance with applicable laws, or (iii) it appears highly unlikely that the Holders' meeting or procedure in writing will decide in accordance with the proposal in view of previous Holders' meetings or procedures in writing.

- (b) Notice shall be given by the Agent to the Holders or, as the case may be, the Company in accordance with Section 21 below not later than ten (10) Banking Days and not earlier than thirty (30) Banking Days prior to the Holders' meeting or the last day for replies in the procedure in writing. The notice shall include (i) time for the Holders' meeting or the last day for replies in the procedure in writing, (ii) place for the Holders' meeting or the address for replies, (iii) the agenda for the Holders' meeting, (iv) information regarding which day a Holder shall be registered as owner to be entitled to vote, and (v) what is otherwise required by a Holder in order to attend the Holders' meeting. Further, the notice shall include information on the matters that shall be discussed and resolved upon by the Holders' meeting and the main content of each proposal (if any). The Agent shall determine the contents in the notice and provide, in writing or electronically, a proxy form or, in case of a procedure in writing, a decision form with the relevant alternatives for resolution. When the Bonds have been listed, the notice shall also be sent to Nasdaq Stockholm for publication.
- (c) Only Holders registered as Holders on the fifth (5th) Banking Day prior to the Holders' meeting (or the procedure in writing) are entitled to vote at the Holders' meeting (or procedure in writing). The Agent shall ensure that there is an excerpt from the register kept by the CSD available at the Holders' meeting (or the procedure in writing) showing the registered Holders on the fifth (5th) Banking Day prior to the Holders' meeting (or the procedure in writing).
- (d) Only matters that have been included in the notice sent out according to Section 16 (b) may be resolved upon by the Holders' meeting. A resolution is passed through voting at a Holders' meeting (or, in case of a procedure in writing, through calculation by the Agent of the replies), at which each Holder entitled to vote shall have one vote per Bond at a Nominal Amount of SEK one million (1,000,000) held. A Holder must vote in the same manner for all Bonds held. However, a representative who represents different Holders may vote differently for different Holders. Bonds held by any Group Company shall not entitle any voting right. The resolution of the Holders shall be the opinion which represents the majority of the Nominal Amount for the Bonds represented at the meeting (or, in case of a procedure in writing, received answers at the end of the time for replies). In respect of the below issues the following qualified majority is required among the votes casted and the answers received in order to deem a resolution passed ("**Qualified Majority**"):

- (i) two-thirds (2/3) when (1) one of the situations from a special undertaking in accordance with Section 13 is waived, and (2) an amendment of a provision in these Terms and Conditions is made, subject to (ii) below; and
- (ii) three-quarters (3/4) when (1) principal amount, interest rate or interest amount which shall be paid by the Company is reduced, (2) amendment of any redemption day for principal or interest amount, and (3) amendment of the provisions in this Section 16 (d).

If the number of votes are equal the opinion which is most beneficial for the Company, according to the chairman of the meeting (or, in case of a procedure in writing, the Agent), will prevail.

- (e) Quorum exists only if Holders representing at least twenty (20) per cent. of the total outstanding Nominal Amount attend the meeting in due order (or, in case of a procedure in writing, provide replies). Bonds held by any Group Company shall not be considered when calculating if necessary majority has been achieved. If quorum is not achieved within fifteen (15) minutes from the fixed time (or, in case of a procedure in writing, through received answers at the end of the time for replies), the meeting shall be adjourned (or, in case of a procedure in writing, the time for replies shall be extended) to the tenth Banking Day thereafter. Notice containing information regarding time and place for a continued meeting (or, in case of a procedure in writing, information regarding extended time for replies) shall promptly be provided to the Holders in accordance with Section 21. At a continued meeting (or, in case of a procedure in writing, at a new calculation) a resolution can be passed through an ordinary resolution (or, if required in accordance with (d) above, through Qualified Majority) by Holders entitled to vote irrespective of the share of Bonds represented.
- (f) At the meeting, the Company, the Holders (or the Holders' representatives/proxies) and the Agent may attend along with its representatives, counsels and assistants. Further, the directors of the boards, the managing directors and other officials of the Company and the Company's auditors may attend the meeting. The meeting may decide that further individuals may attend. If a representative/proxy shall attend the Holders' meeting instead of the Holder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Holder.

- (g) The meeting shall be opened by a present person appointed by the Company (or, if such person does not exist, a present person appointed by the Agent) and the meeting shall be chaired by that person until a chairman of the meeting has been elected by the meeting. The chairman shall prepare a list of the Holders and representatives/proxies present and entitled to vote (the “**Voting List**”). The list shall include information on the Nominal Amount that each Holder (or, as the case may be, representatives/proxies) represents. The chairman shall further arrange for minutes to be kept at the meeting. The minutes shall include the Voting List (which shall be approved by the Holders’ meeting), any other persons that have been attending, what has been discussed, the result of the voting and the resolutions that were passed. The minutes shall be signed by the chairman and by at least one person appointed by the meeting to verify the minutes. In case of a procedure in writing, the Agent shall provide for the calculation of votes and keep minutes in respect of the calculation of votes and the resolutions passed by the procedure in writing. The Agent may request for complements and clarifications but is not obliged to do so and may disregard any unclear or illegible votes. The Agent shall disregard any answers that do not follow listed alternatives or where voting right does not appear in the documentation provided by the Holder or CSD. The Company may be represented at the calculation. The minutes shall be completed promptly and be held available for the Holders at the Company and the Agent.
- (h) If the Company and the Agent deem it appropriate, a Holders’ meeting may be combined with a possibility for Holders to provide answers in accordance with a written resolution form as an alternative to being present or being represented at the Holders’ meeting.
- (i) If a procedure in writing is held among the Holders, the Holders can provide answers and vote electronically by sending an email to the Agent at the address notified by the Agent in the notice which shall be sent to the Holders according to Section 16 (b). For the avoidance of doubt, electronic answers that do not follow listed alternatives (in a decision form or otherwise) will be disregarded in accordance with Section 16 (g).
- (j) A resolution that has been passed at a duly convened and held meeting or a procedure in writing is binding for all Holders irrespective of whether they have been present or represented at the meeting or if they have participated in the procedure in writing and irrespective of how and if they have voted. No Holder shall be liable for any damages

caused to any other Holder due to a resolution passed, or due to that no resolution was passed, at the Holders' meeting.

- (k) If the Agent, in breach of these Terms and Conditions, has not convened a Holders' meeting within twenty (20) Banking Days after having received such request, the requesting person may convene the Holders' meeting itself. If the requesting person is a Holder, the Company shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD and, if no person referred to in Section 16 (g) exist, the meeting shall be opened by a person appointed by the requesting Holder.
- (l) When applying this Section 16, holders of Bonds registered with nominees in accordance with Section 22 shall be considered Holders instead of the authorised nominee if the holder shows a certificate from the authorised nominee (i) certifying that the relevant person was the holder of Bonds on the fifth (5th) Banking Day prior to the Holders' meeting (or procedure in writing), and (ii) showing the number of Bonds held by that person on the fifth (5th) Banking Day prior to the Holders' meeting (or the procedure in writing). In respect of Bonds registered with authorised nominees, the authorised nominee shall be regarded as present at the Holders' meeting (or the procedure in writing) with the number of Bonds that the nominee represents as Holder according to Section 22 and this Section 16 (l).
- (m) The Company shall bear all costs for the Company and the Agent in connection with a Holders' meeting or a procedure in writing irrespective of who has requested the meeting or the procedure in writing. If these Terms and Conditions have been revised or replaced due to a decision on a Holders' meeting, the Agent, or anyone acting on behalf of the Agent, shall arrange for new or revised Terms and Conditions to be sent to the CSD.

17 Fees and expenses

17.1 Unless otherwise stipulated in these Terms and Conditions, the Company shall cover all costs and expenses incurred by it in connection with these Terms and Conditions (including legal costs) and the fulfilment of its obligations under these Terms and Conditions, including the negotiation, preparation, execution and enforcement of these Terms and Conditions and any registration or notifications relating thereto (including any stamp duty) and the listing of the Bonds on Nasdaq Stockholm.

17.2 The fees and expenses payable to the Agent shall be paid by the Company and are set forth in a separate agreement between the Company and the Agent.

17.3 Any public fees levied on the trade of Bonds in the secondary market shall be paid by the Holders, unless otherwise provided by law or regulation, and the Company is not responsible for reimbursing any such fees.

17.4 Except as provided in Section 17.1, the Company shall pay any stamp duty and other public fees accruing in connection with the issuance of the Bonds and shall deduct at source any applicable withholding tax payable which the Company is obligated to withhold pursuant to law.

18 Amendments of the Terms and Conditions

18.1 The Agent may, on account of the Holders, agree with the Company to amend these Terms and Conditions as long as such amendment does not limit the obligation of the Company to pay amounts of principal or interest or in any other way, to the Agents discretion, may materially adversely affect the interests of the Holders or that such amendment is solely made in purpose to rectify obvious errors and mistakes in these Terms and Conditions. Subject to decisions of the Holders in accordance with Section 15, the Agent may also agree with the Company regarding other amendments.

18.2 The Agent may also, on account of the Holders, agree with the Company to make necessary amendments to these Terms and Conditions to the extent such amendments are required by applicable law, court rulings or decisions by relevant authorities or, when the Bond are listed on Nasdaq Stockholm, and as long as such amendments do not materially adversely affect the interests of the Holders, to ensure that they comply with any requirements for listing.

18.3 Amendments of these Terms and Conditions shall be notified without delay by the Company in accordance with Section 21, setting out the date from which the amendments will be effective.

19 Time-bar

19.1 The right to receive payment of the Nominal Amount shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of interest shall be time-barred and become void three (3) years from the relevant due date for payment. The Company is entitled to any funds set aside for payments in respect of which the Holders right to receive payment have been time-barred and become void.

19.2 If such periods for limitation are duly interrupted, in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new time-bar period of ten (10) years with respect to the Nominal Amount, and of three (3) years with respect to interest payments will commence, in both cases

calculated from the date of interruption of the time-bar period as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

20 Allocation of payments

If both the Nominal Amount and interest are due for payment and if the available funds are insufficient to discharge all the amounts due and payable, the available funds shall first be applied towards payment of all fees, costs and expenses, secondly towards payment of interest and thirdly towards payment of the Nominal Amount.

21 Notices

21.1 Notices from the Company or the Agent shall be given in English to the Holders at their addresses as registered with the CSD. Notices to the Holders shall be considered to be received by the Holders three (3) Banking Days after they have been dispatched.

21.2 Notices from the Holders to the Company or the Agent shall be given in English to the Company or the Agent as the case may be and, if to the Company, with a copy to the Agent, at the addresses set forth in Section 1.

22 Nominee registration

In respect of Bonds registered with authorised nominees in accordance with the Swedish Financial Instruments Accounts Act the authorised nominee shall be deemed to be the Holder for the purpose of applying these Terms and Conditions (subject to the provisions about the voting rights of the Holders in Section 15).

23 Limitation of liability etc.

23.1 The Company, the Agent, the CSD and the Issuing Agent shall have no liability for damage caused by Swedish or foreign enactment, action taken by a Swedish or foreign authority, war, strike, blockade, boycott, lockout or other similar circumstance. This limitation of liability in the case of a strike, blockade, boycott or lockout also applies if the Company, the Agent, the CSD or the Issuing Agent would itself initiate or become subject to such conflict.

23.2 The Agent, the CSD and the Issuing Agent, or any affiliates to the Agent, the CSD and the Issuing Agent, shall not be liable for damage caused in any other event unless the damage is caused by gross negligence or wilful misconduct. In no event shall the Agent, the CSD and the Issuing Agent, or any affiliates to the Agent, the CSD and the Issuing Agent, be liable for indirect damage.

- 23.3** Should the Company, the Agent, the CSD or the Issuing Agent be prevented from performing their respective obligations due to any of the circumstances mentioned in Section 23.1 above, such performance may be postponed until fulfilment is no longer prevented by such event.
- 23.4** The provisions in this Section 23 apply unless they are inconsistent with the provisions of the Swedish Financial Instruments Accounts Act which provisions shall take precedence.
- 24** **Governing law and jurisdiction**
- 24.1** These Terms and Conditions shall be governed by and construed in accordance with the laws of the Kingdom of Sweden.
- 24.2** Any dispute or claim arising in relation to these Terms and Conditions shall, subject to Section 24.3 below, be determined by Swedish courts and the District Court of Stockholm shall be the court of first instance.
- 24.3** The submission to the jurisdiction of the Swedish courts shall not limit the right of the Holders and the Agent to take proceedings against the Company in any court which may otherwise exercise jurisdiction over the Company or any of its assets.
