Risk factors

Investing in the Bonds involves inherent risks. The financial performance of the Group and the risks associated with its business are important when making a decision on whether to invest in the Bonds. A number of risk factors and uncertainties may adversely affect the Group. If any of these risks or uncertainties actually occurs, the business, operating results and financial position of the Group could be materially and adversely affected, which ultimately could affect the Company's ability to make payments of interest and repayments of principal under the Terms and Conditions. In this section, a number of risk factors are illustrated, namely general risks pertaining to the Group's business operations and material risks relating to the Bonds as financial instruments. The risks presented in this Prospectus are not exhaustive or ranked in order of importance and other risks not discussed herein may also adversely affect the Group, the price of the Bonds and the Company's ability to service its debt obligations. Potential investors should consider carefully the information contained in this Prospectus and make an independent evaluation before making an investment decision.

Risks related to the Group

Political risks

The Group operates in a number of countries where political instability may lead to a slowdown in levels for origination in that particular country. An increased political instability in any country where the Group operates may have a material adverse effect on the Group's business and its financial condition or may even require the Group to change or discontinue existing products, services, businesses or business models in the affected region.

Macro-economic risks

Although the majority of the Group's customers are employed within the civil service of each country, and employment in this sector is typically inelastic to change in macro-economic conditions, there is a risk that a change in the macro-economic conditions in the countries of operation could lead to changed employment conditions for the Group's customers which may have a material adverse effect on the Group's operations.

Loss of a deduction code

The Group relies on the ability to collect directly from the payroll of its customers in order to service the outstanding loans, which is facilitated through deduction codes. The loss of a deduction code may therefore have a material adverse effect on the Group's business, financial condition and results of operation.

Organisational risks and operational risks

The Group's operations are dependent on individual employees. The Group's future development depends to a large extent on the management's and other key personnel's

knowledge, experience and commitment. The Group's development would therefore be adversely affected if any key personnel would resign from their assignment.

In the context of the Group's current operations, the Group may incur losses due to disruption, failure or other ineffectiveness of procedures, internal controls or other reporting or administrative systems used in its operations. Lack of procedures and lack of internal controls may lead to that the management loses control over corporate governance, which would cause the Group harm.

The Company is a holding company

The Company is a holding company and holds no significant assets other than investments in its subsidiaries. The Company is thus dependent upon receipt of sufficient income related to the operation of and the ownership in its subsidiaries. A decrease in any such income may have a material adverse effect on the Company's financial condition, results of operations and ability to meet financial obligations.

Exposure to legislative and regulatory changes

Amended legislation or regulatory measures relating to, *inter alia*, banking, acquisition and tax laws or new case law may have negative consequences for the Group. Any changes in applicable legal requirements with regard to permits, permissions or licenses required for the operations of the Group in the local jurisdictions may necessitate the Group to change or discontinue existing products, services, businesses or business models or incur significant expenses or liabilities, any of which may have a material adverse effect on the Group's business and financial condition or result of operations.

Loss of money licenses or business license

In most countries of operation, the Group is dependent on money licenses, business licenses or other permits or permissions from local authorities to conduct its business. If any such license, permit or permission is not renewed or revoked, this would have a material adverse effect on the Group's business and financial condition or result of operations.

Risks related to taxes

The Company operates its business through its subsidiaries in each of the geographic markets in which it operates. The business is conducted in accordance with the Group's interpretation of applicable laws, tax treaties, regulations and requirements of the tax authorities in the relevant countries. However, it is not certain that the Group's interpretation of applicable laws, tax treaties, regulations, or administrative practice is correct, or that such rules are not changed, possibly with retroactive effect. Legislative changes or decisions by tax authorities may impair the present or previous tax position of the Group and may have a material adverse effect on its business, financial condition or results of operations.

Influence of major shareholders

The Company has several larger shareholders, one of whom has a shareholding in the

Company exceeding 40 per cent and who may as a result of its influence affect the Company, *inter alia*, on matters that are subject to approval at the shareholders' meeting.

Credit risks and risks relating to counterparties

The Group is exposed to credit risks and risks relating to counterparties. These risks concern the risk of losses if the counterparty does not fulfill its obligations. The Group's credit and counterparty risks consist of exposures to commercial counterparties and financial counterparties. The Group's commercial credit and counterparty risk primarily consist of arrears which are distributed over a large number of counterparties. Credit and counterparty risks relating to financial counterparties are limited to financial institutions with high credit ratings.

The Group's primary credit and counterparty risk is that the customers cannot repay their debt under the individual loan agreements. Furthermore, the loans offered by the Company's subsidiaries to its customers are unsecured and in most jurisdictions in which the subsidiaries operate the involvement of public courts are time-consuming and expensive. Furthermore, enforcement of court orders is unreliable in several jurisdictions of operation. The aforementioned judicial conditions and the relatively small amounts granted under each of the individual loan agreements has resulted in that the Group seldom or never pursue debts under the individual loan agreements which for various reasons have not been deducted from the customer's pay roll through judicial proceedings. Although, in certain markets where the Group operates, all loans for a longer time period than six (6) months include a mandatory "Credit Life Policy" which insures the Group against death, disability, dreaded disease or retrenchment of the customer, it cannot be guaranteed that the aforementioned risks will not have a material adverse effect on the Groups' financial position and in turn affect the financial position of the Group.

Liquidity and refinancing risks

The Group is exposed to liquidity and refinancing risks, which refer to that costs may increase and that opportunities may be limited when loans are refinanced, and that payment obligations may not be met due to insufficient liquidity or difficulties in obtaining financing.

The Group's business is capital intensive. Access to liquidity is a fundamental prerequisite for developing a successful loan business. The Group plans ahead using forecasting models in order to anticipate any change in funding that may be required well in advance of the actual need. Any forecasting models include a certain level of estimations and expectations on future conditions and the Group cannot give any assurances that they will materialise or prove to be correct.

Interest rate risk

Interest rate risks refer to risks that result from changes in the market interest which may materially adversely affect the Group's net interest income. Interest rate risks are attributable to the development of the current interest rate levels. How quickly a change in

interest rates affects the net interest income depends on the maturity of the financial assets and financial liabilities.

Exposure to currency risks

The Group operates in several countries and as a result, generates revenues, incurs costs and grant loans within the Group and to customers in a number of currencies.

Consequently, the Group's results of operations are subject to currency exchange rate fluctuations. Because the consolidated financial statements of the Company are prepared in USD, the Group also faces a currency translation risk to the extent that the assets, liabilities, revenues and expenses of its subsidiaries are denominated in currencies other than USD.

Consequently, there is a risk that increases and decreases in the value of the USD versus local currencies of the Company's subsidiaries will affect the amount of these items in the Group's consolidated financial statements, even if their value has not changed in the original currency.

Furthermore, the financing of the Company and the interest costs related to the Bonds are in SEK.

Risks relating to the Bonds

Credit risks

An investment in the Bonds carries a credit risk relating to the Company and the Group. The investor's ability to receive payment under the Terms and Conditions is therefore dependent upon the Company's ability to meet its payment obligations, which in turn is largely dependent upon the performance of the Group's operations and its financial position. The Company's and the Group's financial position is affected by several factors, a number of which have been discussed above.

An increased credit risk may cause the market to charge the Bonds a higher risk premium, which would affect the Bonds' value negatively.

Refinancing risk

The Company may be required to refinance certain or all of its outstanding debt, including the Bonds. The Company's ability to successfully refinance its debt obligations is dependent upon the conditions of the capital markets and the Company's financial position at such time. Even if the markets and the Company's financial position improve, the Company's access to financing sources may not be available on acceptable terms, or at all. The Company's inability to refinance its debt obligations on acceptable terms, or at all, could have a material adverse effect on the Company's and the Group's business, financial position and results of operations and on the bondholders' recovery under the Bonds.

Interest rate risks

The Bonds' value depends on several factors, one of the most significant over time being

the level of market interest. Investments in the Bonds involve a risk that the market value of the Bonds may be adversely affected by changes in market interest rates.

Liquidity risks

The Company intends to apply for listing of the Bonds on NASDAQ OMX Stockholm. However, it cannot be guaranteed that the Bonds will be admitted to trading. Further, even if securities are admitted to trading on a regulated market, there is not always active trading in the securities, so there are no guarantees that there will be a liquid market for trading in the Bonds or that this market will be maintained even if the Bonds are listed. This may result in that the bondholders cannot sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market. Lack of liquidity in the market may have a negative impact on the market value of the Bonds. Furthermore, the nominal value of the Bonds may not be indicative compared to the market price of the Bonds if the Bonds are admitted to trading on NASDAQ OMX Stockholm.

It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The market price of the Bonds may be volatile

The market price of the Bonds could be subject to significant fluctuations in response to actual or anticipated variations in the Company's and the Group's operating results and those of its competitors, adverse business developments, changes to the regulatory environment in which the Group operates, changes in financial estimates by securities analysts and the actual or expected sale of a large number of Bonds, as well as other factors. In addition, in recent years the global financial markets have experienced significant price and volume fluctuations, which, if repeated in the future, could adversely affect the market price of the Bonds without regard to the Company's and the Group's operating results, financial position or prospects.

Structural subordination and insolvency of subsidiaries

All assets are owned by and all revenues are generated in subsidiaries of the Company. The subsidiaries are legally separated from the Company and have no obligation to make payments to the Company of any surpluses generated from their business. The subsidiaries' ability to make payments is restricted by, among other things, the availability of funds, corporate restrictions and local law. Furthermore, in the event of insolvency, liquidation or a similar event relating to one of the subsidiaries, all creditors of such subsidiary would be entitled to payment in full out of the assets of such subsidiary before any entity within the Group, as a shareholder, would be entitled to any payments. Thus, the Bonds are structurally subordinated to the liabilities of the subsidiaries. There can be no assurance that the Group and its assets would be protected from any actions by the creditors of any subsidiary of the Group, whether under bankruptcy law, by contract or otherwise. In addition, defaults by, or the insolvency of, certain subsidiaries of the Company could result in the obligation of the Company to make payments under parent company financial or

performance guarantees in respect of such subsidiaries' obligations or the occurrence of cross defaults on certain borrowings of the Group.

Risks related to early redemption and put options

Under the Terms and Conditions, the Company has reserved the possibility to redeem all outstanding Bonds before the final redemption date. If the Bonds are redeemed before the final redemption date, the bondholders have the right to receive an early redemption amount which exceeds the nominal amount. However, there is a risk that the market value of the Bonds is higher than the early redemption amount and that it may not be possible for bondholders to reinvest such proceeds at an effective interest rate as high as the interest rate on the Bonds and may only be able to do so at a significantly lower rate.

Furthermore, the Terms and Conditions stipulate that the Bonds are subject to termination for payment prematurely at the option of the bondholders upon the occurrence of a change of control event or certain ownership events (as stipulated in the Terms and Conditions). There is, however, a risk that the Company will not have sufficient funds at the time of such premature termination to make the required prepayment of Bonds.

No action against the Company and bondholders' representation

In accordance with the Terms and Conditions, the bond trustee will represent all bondholders in all matters relating to the Bonds and the bondholders are prevented from taking actions on their own against the Company. Consequently, individual bondholders do not have the right to take legal actions to declare any default by claiming any payment from or enforcing any security, if such has been granted by the Company, and may therefore lack effective remedies unless and until a requisite majority of the bondholders agree to take such action. However, the possibility that a bondholder, in certain situations, could bring its own action against the Company (in breach of the Terms and Conditions) cannot be ruled out, which could negatively impact an acceleration of the Bonds or other action against the Company. To enable the bond trustee to represent bondholders in court, the bondholders may have to submit a written power of attorney for legal proceedings. The failure of all bondholders to submit such a power of attorney could negatively affect the legal proceedings.

Under the Terms and Conditions, the bond trustee will in some cases have the right to make decisions and take measures that bind all bondholders. Consequently, the actions of the bond trustee in such matters could impact a bondholder's rights under the Terms and Conditions in a manner that would be undesirable for some of the bondholders.

Bondholders' meetings

The Terms and Conditions include certain provisions regarding bondholders' meeting. Such meetings may be held in order to resolve on matters relating to the bondholders' interests. The Terms and Conditions allow for stated majorities to bind all bondholders, including bondholders who have not taken part in the meeting and those who have voted differently to the required majority at a duly convened and conducted bondholders' meeting.

Consequently, the actions of the majority in such matters could impact a bondholder's rights in a manner that would be undesirable for some of the bondholders.

Restrictions on the transferability of the Bonds

The Bonds have not been and will not be registered under the U.S. Securities Act of 1933, as amended, or any U.S. state securities laws. A holder of the Bonds may not offer or sell the Bonds in the United States. The Company has not undertaken to register the Bonds under the U.S. Securities Act or any U.S. state securities laws or to affect any exchange offer for the Bonds in the future. Furthermore, the Company has not registered the Bonds under any other country's securities laws. It is the bondholder's obligation to ensure that the offers and sales of Bonds comply with all applicable securities laws.

Preferential rights

The Company has currently no other material undertakings with regard to loans from banks or other credit institutions. The Company may however in the future decide to take up loans from such institutions. Such loans may constitute a priority claim on the Company. In 2010 and 2012 the Company issued bonds, each such issue with an aggregate nominal amount of SEK 700,000,000. The Bonds may not be redeemed prior to the redemption of the bonds issued in 2010. The Terms and Conditions for the Bonds are, in all material respects, a mirror image of the terms and conditions for the bonds issued in 2012.

Subject to possible restrictions in the Terms and Conditions, the Company may further decide to issue other market loans.

The Company has further provided guarantees in relation to undertakings of its subsidiaries under certain loan agreements. In addition the Company has received approval from holders of the bonds issued in 2010 to give additional guarantees for USD 10 million to funders of Money Quest Investments (Proprietary) Limited.

The Bonds represent an unsecured obligation of the Company. This means that in the event of bankruptcy, re-organisation or wind-up of the Company, the holders of the Bonds normally receive payment after any priority creditors have been fully paid.

Each investor should be aware that there is a risk that an investor in the Bonds loses all or part of their investment if the Company becomes bankrupt, carries out a re-organisation or is wound-up.

Risks relating to the clearing and settlement in Euroclear's book-entry system

The Bonds will be affiliated to Euroclear's account-based system, and no physical notes will be issued. Clearing and settlement relating to the Bonds will be carried out within Euroclear's book-entry system as well as payment of interest and repayment of the principal. Investors are therefore dependent upon the functionality of Euroclear's account-based system.

The full terms for the Bonds can be found in section “Terms and Conditions for the Bonds” below.

Concepts and terms defined in section “Terms and Conditions for the Bonds” are used with the same meaning in this section unless otherwise is explicitly understood from the context or otherwise defined in this Prospectus.

The Bonds are debt instruments, intended for public market trading, which confirm that the Holder has a claim on the Company. The Bonds constitute direct, unconditional, unsecured and unsubordinated obligations of the Company. The bond loan, which is the third Swedish bond loan issued by the Company, was resolved on by the Board of Directors of the Company on 11 September 2013. The bond loan has been issued for general corporate purposes, including acquisitions, and refinancing of the Group’s existing debt.

The bond loan amount to SEK 800,000,000 represented by Bonds denominated in SEK with the ISIN SE0005393477, each of a nominal amount of SEK 1,000,000 or full multiples thereof. The Bonds have been issued in accordance with Swedish law and are connected to the account-based system of Euroclear. Holdings of the Bonds are registered on behalf of the Holders on a Securities Account and no physical notes have or will be issued. Payment of principal and interest as well as, if applicable, withholding of preliminary tax will be made by Euroclear.

Holders of the Bonds have a right to receive interest and the Bonds shall be redeemed by the Company at the Nominal Amount on the relevant redemption date. The bond loan is payable on 12 June 2017 or on such earlier date which follows from sections 9 (*Early redemption by request of the Company*) and 12 (*Acceleration of the Bonds*) of the Terms and Conditions. If the Bonds are redeemed early in accordance with section 9 (*Early redemption by request of the Company*) of the Terms and Conditions, the Bonds shall be redeemed at the Nominal Amount with an addition of:

- four (4.0) percentage units on the Nominal Amount if the early redemption occurs during the period 13 June 2015 – 12 June 2016 together with accrued interest, and

The right to receive payment of interest is limited and becomes void three years from the relevant due date for payment. The calculation of interest is carried out by Euroclear.

ABG Sundal Collier Norge ASA is the Company's initial Issuing Agent and CorpNordic Sweden AB is the Company's initial Agent. Further, each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney, which the Agent deems necessary for the purpose of carrying out its duties under the Terms and Conditions. The Agent may, at any time, request that a Holders' meeting is convened or request a procedure in writing amongst the Holders, see further Section 13 (*The Agent's right to represent the Holders, the authority of the Agent etc.*) and Section 14 (*Holder's meeting and procedure in writing etc.*) of the Terms and Conditions. Such meetings or procedures in writing can lead to that a majority decision, binding for all Holders, is passed.

There are no restrictions in the terms and conditions for the Bonds for the Holders to freely transfer the Bonds and trading can occur from the Issue Date. Holders may, however, be subject to purchase or transfer restrictions with regard to the Bonds, as applicable from time to time under local laws to which a Holder may be subject (due to, e.g., its nationality, its residency, its registered address or its place(s) of business). Each Holder must ensure compliance with local laws and regulations applicable at their own cost and expense. All Bond transfers are subject to the Terms and Conditions and the Terms and Conditions are automatically applicable in relation to all Bond transferees upon the completion of a transfer.

The Bonds have been issued on the Swedish market through a so called private placement. To simplify trading in the Bonds, the Company intends to apply for listing of the Bonds on NASDAQ OMX Stockholm in connection with the Swedish Financial Supervisory Authority's approval of this Prospectus. The number of Bonds being admitted to trading if the application is approved by NASDAQ OMX Stockholm is 600. The earliest date for admitting the Bonds to trading on NASDAQ OMX Stockholm is on or about 14 October 2013. Additional Bonds issued within the framework amount of SEK 800,000,000 under the Terms and Conditions may be admitted to trading pursuant to this Prospectus within one year after the approval of this Prospectus by the Swedish Financial Supervisory Authority. The fact that an application regarding listing of the Bonds on NASDAQ OMX Stockholm has been submitted does not mean that the application will be approved. The

total expenses of the admission to trading of the Bonds are estimated to amount to SEK 125,000.

The Terms and Conditions include an undertaking by the Company to list the Bonds on NASDAQ OMX Stockholm not later than sixty (60) calendar days after the Issue Date and to take all measures required to ensure that the Bonds, once listed on NASDAQ OMX Stockholm, continue being listed on NASDAQ OMX Stockholm for as long as any Bond is outstanding.

However, interest only accrues up to and including the relevant due date.

Should the CSD, due to a delay on behalf of the Company or some other obstacle, not be able to effect the payment of amounts according to the aforesaid, the CSD will pay such amount to the Holders as soon as possible after such obstacle has been removed. Payment will be made to the person registered as Holder on the Record Date immediately preceding the actual payment date.

If a person to whom payment has been made in accordance with the above was not entitled to receive such payment, the Company and the CSD shall nevertheless be deemed to have fulfilled their obligations, provided that the Company and/or the CSD did not have knowledge that such payment was made to a person not entitled to receive such amount and provided that the Company and/or the CSD acted with normal care.

- (d) Notwithstanding Section 13.1 (c) above and without having to observe the provisions in Section 12.9 and 13.1, the Holders may jointly (i) take actions to enforce their rights under these Terms and Conditions against the Company if the Agent does not have legal right (*Sw. talarätt*) to bring an action or initiate a procedure under or in connection with these Terms and Conditions before any courts or other authorities and if the Agent has not been granted a power of attorney to do so, (ii) take any actions which the Agent has refrained from taking if the Agent has been instructed in

However, a Holders’ meeting pursuant to this Section can be convened by the Agent (or by a Holder in accordance with Section 14 (k)) irrespective of whether the requesting Holders represents ten (10) per cent. of the total outstanding Nominal Amount or not. Further, a resolution at a Holders’ meeting in accordance with this Section may be passed with simple majority.

13.2 **The role and authority of the Agent**

- (a) The Agent shall monitor the compliance by the Company of its obligations under these Terms and Conditions. The Agent shall further arrange any Holders’ meetings that shall be held in accordance with Section 14 and implement any decisions which have been taken on such meetings or otherwise under these Terms and Conditions. The Agent is not obligated to assess the Company’s financial situation beyond what is directly set forth in these Terms and Conditions. The Agent shall carry out its duties under these Terms and Conditions in a reasonable, proficient and professional manner and with reasonable care and skill.
- (b) In performing its obligations, the Agent has a right to take any steps that it, in its sole discretion, deems necessary or appropriate to ensure and preserve the rights of the Holders under these Terms and Conditions, but does not have a right to adopt resolutions which give certain Holders, or any other persons, an unreasonable advantage at the expense of another Holder or Holders. The Agent may, in its sole discretion, postpone taking any action until the matter has been decided upon at a Holders’ meeting.
- (c) The Agent may act as agent for several bond issues relating to the Company notwithstanding potential conflicts of interest. The Agent may delegate exercise of its powers to other professional parties.
- (d) For the avoidance of any doubt, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality. Further, the obligations of the Agent does not limit the Agent’s right to discuss matters with the Company that are confidential in nature and which are not made public to the Holders.

- (e) The Agent may engage, pay for and rely upon the advice or services of any lawyers, accountants or other experts where such advice or services are reasonably required to fulfil its obligations under these Terms and Conditions. The costs for such third party advice shall be borne by the Company. The Agent is however obliged to always inform the Company prior to engaging any third party experts.

13.3 Replacement of Agent and Issuing Agent

- (a) The Agent and the Issuing Agent can be replaced by another Agent and/or Issuing Agent by the Holders in accordance with the procedures set out in Section 14.
- (b) The Agent may resign as agent and/or transfer its position as agent at any time, provided that no resignation by the Agent shall take effect until a new Agent has been appointed by the Company. If the Company has not appointed a new Agent within thirty (30) calendar days after the Agent has given the Company notice of its resignation, the Agent has the right to appoint a new Agent. Until the resigning Agent has been replaced by a new Agent, the resigning Agent shall perform all its obligations under these Terms and Conditions. When a new Agent has been appointed, the resigning Agent shall bear no responsibility for acts or omissions during the time after the replacement of the Agent but shall continue to enjoy the rights under these Terms and Conditions. The Agent's successor, the Company, the Issuing Agent and the Holders shall have the same rights and obligations among themselves as they would have had if such successor would have been the original Agent.
- (c) The Issuing Agent may resign as issuing agent and/or transfer its position as issuing agent at any time, provided that no resignation by the Issuing Agent shall take effect until a new Issuing Agent has been appointed by the Company. If the Company has not appointed a new Issuing Agent within thirty (30) calendar days after the Issuing Agent has given the Company notice of its resignation, the Issuing Agent has the right to appoint a new Issuing Agent. Until the resigning Issuing Agent has been replaced by the new Issuing Agent, the resigning Issuing Agent shall perform all its obligations under these Terms and Conditions. When a new Issuing Agent has been appointed, the resigning Issuing Agent shall bear no responsibility for acts or omissions during the time after the replacement of the Issuing Agent but shall continue to enjoy the rights under these Terms and Conditions. The Issuing Agent's successor, the Company, the Agent and the Holders shall have the same rights and obligations among themselves as they would have had if such successor would have been the original Issuing Agent.

- (d) If the Agent or the Issuing Agent is subject to bankruptcy or financial reconstruction according to law or regulations from a supervising authority, the Company shall immediately appoint a new Agent or Issuing Agent which immediately shall replace the present Agent or Issuing Agent as Agent or Issuing Agent in accordance with these Terms and Conditions.
- (e) The Company may also appoint a new Agent or Issuing Agent which immediately shall replace the present Agent or Issuing Agent, if the Agent or Issuing Agent has, in a material way, failed to fulfil its obligations under these Terms and Conditions and does not, within a reasonable time, remedy such failure after the Company has made the Agent or the Issuing Agent aware thereof. If a new Agent is appointed, the Company may recover all costs, remuneration, fees and expenses payable by the Company in relation to the new Agent under Sections 13.4 and 15 from the replaced Agent, provided that such costs, remuneration, fees and expenses exceed the costs, remuneration, fees and expenses that would have been payable if the Agent had not been replaced.
- (f) If the Agent or the Issuing Agent have resigned or been replaced in accordance with Sections 13.3 (a) - (e), the Agent and the Issuing Agent shall deliver all documents and provide all information to the new Agent or Issuing Agent that are necessary for them to perform their obligations under these Terms and Conditions.

13.4 Remuneration for the Agent

The Agent is, according to a separate agreement between the Company and the Agent, entitled to receive remuneration from the Company for acting as Agent in accordance with these Terms and Conditions. If the Agent, based on good reasons, believes that the Company is or will become insolvent the Agent is entitled to reserve reasonable remuneration from the Holders for its continued work in accordance with these Terms and Conditions, save that the Agent shall make the arrangements stated in Section 12.8 without having received remuneration or being indemnified by the Holders.

14 Holders' meeting and procedure in writing

- (a) Each of the Company, the Agent and Holders representing at least ten (10) per cent. of the total outstanding Nominal Amount, may request that a Holders' meeting is convened or request a procedure in writing among the Holders. Such request shall be made in writing, and notified in accordance with Section 19, to the Company and the Agent including (i) information regarding the issues that shall be decided and, where applicable, (ii) documentation of the holding of Bonds of the requesting Holders. The request shall clearly state that the matter is urgent. If the Agent establishes

that a request for a Holders' meeting or procedure in writing has been made in due order the Agent shall, within twenty (20) Banking Days from receipt of such request, convene a meeting or initiate a procedure in writing. The Agent must not convene a Holders' meeting or initiate a procedure if the Agent determines that (i) the proposal must be approved by the Company and the Company informs the Agent that it will not give such approval, (ii) the proposal is not in accordance with applicable laws, or (iii) it appears highly unlikely that the Holders' meeting or procedure in writing will decide in accordance with the proposal in view of previous Holders' meetings or procedures in writing.

- (b) Notice shall be given by the Agent to the Holders or, as the case may be, the Company in accordance with Section 19 below not later than ten (10) Banking Days and not earlier than thirty (30) Banking Days prior to the Holders' meeting or the last day for replies in the procedure in writing. The notice shall include (i) time for the Holders' meeting or the last day for replies in the procedure in writing, (ii) place for the Holders' meeting or the address for replies, (iii) the agenda for the Holders' meeting, (iv) information regarding which day a Holder shall be registered as owner to be entitled to vote, and (v) what is otherwise required by a Holder in order to attend the Holders' meeting. Further, the notice shall include information on the matters that shall be discussed and resolved upon by the Holders' meeting and the main content of each proposal (if any). The Agent shall determine the contents in the notice and provide, in writing or electronically, a proxy form or, in case of a procedure in writing, a decision form with the relevant alternatives for resolution. When the Bonds have been listed, the notice shall also be sent to OMX for publication.
- (c) Only Holders registered as Holders on the fifth Banking Day prior to the Holders' meeting (or the procedure in writing) are entitled to vote at the Holders' meeting (or procedure in writing). The Agent shall ensure that there is an excerpt from the register kept by the CSD available at the Holders' meeting (or the procedure in writing) showing the registered Holders on the fifth Banking Day prior to the Holders' meeting (or the procedure in writing).
- (d) Only matters that have been included in the notice sent out according to Section 14 (b) may be resolved upon by the Holders' meeting. A resolution is passed through voting at a Holders' meeting (or, in case of a procedure in writing, through calculation by the Agent of the replies), at which each Holder entitled to vote shall have one vote per Bond at a Nominal Amount of SEK one million (1,000,000) held. A Holder must vote in the same manner for all Bonds held. However, a representative who represents different Holders may vote differently for different Holders. Bonds held by

any Group Company shall not entitle any voting right. The resolution of the Holders shall be the opinion which represents the majority of the Nominal Amount for the Bonds represented at the meeting (or, in case of a procedure in writing, received answers at the end of the time for replies). In respect of the below issues the following qualified majority is required among the votes casted and the answers received in order to deem a resolution passed (“**Qualified Majority**”):

- (i) two thirds (2/3) when (1) one of the situations from a special undertaking in accordance with Section 11 is waived, and (2) an amendment of a provision in these Terms and Conditions is made, subject to (ii) below; and
- (ii) three quarters (3/4) when (1) principal amount, interest rate or interest amount which shall be paid by the Company is reduced, (2) amendment of any redemption day for principal or interest amount, and (3) amendment of the provisions in this Section 14 (d).

Notwithstanding the above, any decision for a Bond Merger shall only require that a majority of the Nominal Amount for the Bonds represented at the meeting (or, in case of a procedure in writing, received answers at the end of the time for replies) approves of the Bond Merger. A resolution for a Bond Merger will be binding on all Holders irrespective of if they have been represented at the Holders’ meeting or procedure in writing and irrespective of how and if they have voted. In case of a decision for a Bond Merger, the Company shall promptly notify the Agent and the Holders thereof, such notice to include instructions about the actions that a Holder needs to take in order to effectuate the Bond Merger (also taking into consideration the rules and regulations of OMX and the CSD).

If the number of votes are equal the opinion which is most beneficial for the Company, according to the chairman of the meeting (or, in case of a procedure in writing, the Agent), will prevail.

- (e) Quorum exists only if Holders representing at least one fifth (1/5) of the aggregate outstanding Nominal Amount attend the meeting in due order (or, in case of a procedure in writing, provide replies). Bonds held by any Group Company shall not be considered when calculating if necessary majority has been achieved. If quorum is not achieved within fifteen (15) minutes from the fixed time (or, in case of a procedure in writing, through received answers at the end of the time for replies), the meeting shall be adjourned (or, in case of a procedure in writing, the time for replies shall be extended) to the tenth Banking Day thereafter. Notice containing information regarding time and place for a continued meeting (or, in case of a procedure in writing, information regarding extended time for replies)

shall promptly be provided to the Holders in accordance with Section 19. At a continued meeting (or, in case of a procedure in writing, at a new calculation) a resolution can be passed through an ordinary resolution (or, if required in accordance with (c) above, through Qualified Majority) by Holders entitled to vote irrespective of the share of Bonds represented.

- (f) At the meeting, the Company, the Holders (or the Holders' representatives/proxies) and the Agent may attend along with its representatives, counsels and assistants. Further, the directors of the boards, the managing directors and other officials of the Company and the Company's auditors may attend the meeting. The meeting may decide that further individuals may attend. If a representative/proxy shall attend the Holders' meeting instead of the Holder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Holder.
- (g) The meeting shall be opened by a present person appointed by the Company (or, if such person does not exist, a present person appointed by the Agent) and the meeting shall be chaired by that person until a chairman of the meeting has been elected by the meeting. The chairman shall prepare a list of the Holders and representatives/proxies present and entitled to vote (the "**Voting List**"). The list shall include information on the Nominal Amount that each Holder (or, as the case may be, representatives/proxies) represents. The chairman shall further arrange for minutes to be kept at the meeting. The minutes shall include the Voting List (which shall be approved by the Holders' meeting), any other persons that have been attending, what has been discussed, the result of the voting and the resolutions that were passed. The minutes shall be signed by the chairman and by at least one person appointed by the meeting to verify the minutes. In case of a procedure in writing, the Agent shall provide for the calculation of votes and keep minutes in respect of the calculation of votes and the resolutions passed by the procedure in writing. The Agent may request for complements and clarifications but is not obliged to do so and may disregard any unclear or illegible votes. The Agent shall disregard any answers that do not follow listed alternatives or where voting right does not appear in the documentation provided by the Holder or CSD. The Company may be represented at the calculation. The minutes shall be completed promptly and be held available for the Holders at the Company and the Agent.
- (h) If the Company and the Agent deem it appropriate, a Holders' meeting may be combined with a possibility for Holders to provide answers in accordance with a written resolution form as an alternative to being present or being represented at the Holders' meeting.

- (i) If a procedure in writing is held among the Holders, the Holders can provide answers and vote electronically by sending an email to the Agent at the address notified by the Agent in the notice which shall be sent to the Holders according to Section 14 (b). For the avoidance of doubt, electronic answers that do not follow listed alternatives (in a decision form or otherwise) will be disregarded in accordance with Section 14 (g).
- (j) A resolution that has been passed at a duly convened and held meeting or a procedure in writing is binding for all Holders irrespective of whether they have been present or represented at the meeting or if they have participated in the procedure in writing and irrespective of how and if they have voted. No Holder shall be liable for any damages caused to any other Holder due to a resolution passed, or due to that no resolution was passed, at the Holders' meeting.
- (k) If the Agent, in breach of these Terms and Conditions, has not convened a Holders' meeting within twenty (20) Banking Days after having received such request, the requesting person may convene the Holders' meeting itself. If the requesting person is a Holder, the Company shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD and, if no person referred to in Section 14 (g) exist, the meeting shall be opened by a person appointed by the requesting Holder.
- (l) When applying this Section 14, holders of Bonds registered with nominees in accordance with Section 20 shall be considered Holders instead of the authorised nominee if the holder shows a certificate from the authorised nominee (i) certifying that the relevant person was the holder of Bonds on the fifth Banking Day prior to the Holders' meeting (or procedure in writing), and (ii) showing the number of Bonds held by that person on the fifth Banking Day prior to the Holders' meeting (or the procedure in writing). In respect of Bonds registered with authorised nominees, the authorised nominee shall be regarded as present at the Holders' meeting (or the procedure in writing) with the number of Bonds that the nominee represents as Holder according to Section 20 and this Section 14 (l).
- (m) The Company shall bear all costs for the Company and the Agent in connection with a Holders' meeting or a procedure in writing irrespective of who has requested the meeting or the procedure in writing. If these Terms and Conditions have been revised or replaced due to a decision on a Holders' meeting, the Agent, or anyone acting on behalf of the Agent, shall arrange for new or revised Terms and Conditions to be sent to the CSD.

15 Fees and expenses

- 15.1 Unless otherwise stipulated in these Terms and Conditions, the Company shall cover all costs and expenses incurred by it in connection with these Terms and Conditions (including legal costs) and the fulfilment of its obligations under these Terms and Conditions, including the negotiation, preparation, execution and enforcement of these Terms and Conditions and any registration or notifications relating thereto (including any stamp duty) and the listing of the Bonds on OMX.
- 15.2 The fees and expenses payable to the Agent shall be paid by the Company and are set forth in a separate agreement between the Company and the Agent.
- 15.3 Any public fees levied on the trade of Bonds in the secondary market shall be paid by the Holders, unless otherwise provided by law or regulation, and the Company is not responsible for reimbursing any such fees.
- 15.4 Except as provided in Section 15.1, the Company shall pay any stamp duty and other public fees accruing in connection with the issuance of the Bonds and shall deduct at source any applicable withholding tax payable which the Company is obligated to withhold pursuant to law.

16 Amendments of the Terms and Conditions

- 16.1 The Agent may, on account of the Holders, agree with the Company to amend these Terms and Conditions as long as such amendment does not limit the obligation of the Company to pay amounts of principal or interest or in any other way, to the Agents discretion, may materially adversely affect the interests of the Holders or that such amendment is solely made in purpose to rectify obvious errors and mistakes in these Terms and Conditions. Subject to decisions of the Holders in accordance with Section 134, the Agent may also agree with the Company regarding other amendments.
- 16.2 The Agent may also, on account of the Holders, agree with the Company to make necessary amendments to these Terms and Conditions to the extent such amendments are required by applicable law, court rulings or decisions by relevant authorities or, when the Bond are listed on OMX, and as long as such amendments do not materially adversely affect the interests of the Holders, to ensure that they comply with any requirements for listing.
- 16.3 Amendments of these Terms and Conditions shall be notified without delay by the Company in accordance with Section 19, setting out the date from which the amendments will be effective.

17 Time-bar

- 17.1 The right to receive payment of the Nominal Amount shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to

receive payment of interest shall be time-barred and become void three (3) years from the relevant due date for payment. The Company is entitled to any funds set aside for payments in respect of which the Holders right to receive payment have been time-barred and become void.

- 17.2 If such periods for limitation are duly interrupted, in accordance with the Swedish Act on Limitations (*Sw. preskriptionslag (1981:130)*), a new time-bar period of ten (10) years with respect to the Nominal Amount, and of three (3) years with respect to interest payments will commence, in both cases calculated from the date of interruption of the time-bar period as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

18 Allocation of payments

If both the Nominal Amount and interest are due for payment and if the available funds are insufficient to discharge all the amounts due and payable, the available funds shall first be applied towards payment of all fees, costs and expenses, secondly towards payment of interest and thirdly towards payment of the Nominal Amount.

19 Notices

- 19.1 Notices from the Company or the Agent shall be given in English to the Holders at their addresses as registered with the CSD. Notices to the Holders shall be considered to be received by the Holders three (3) Banking Days after they have been dispatched.
- 19.2 Notices from the Holders to the Company or the Agent shall be given in English to the Company or the Agent as the case may be and, if to the Company, with a copy to the Agent, at the addresses set forth in Section 1.

20 Nominee registration

In respect of Bonds registered with authorised nominees in accordance with the Swedish Financial Instruments Accounts Act the authorised nominee shall be deemed to be the Holder for the purpose of applying these Terms and Conditions (subject to the provisions about the voting rights of the Holders in Section 13).

21 Limitation of liability etc.

- 21.1 The Company, the Agent, the CSD and the Issuing Agent shall have no liability for damage caused by Swedish or foreign enactment, action taken by a Swedish or foreign authority, war, strike, blockade, boycott, lockout or other similar circumstance. This limitation of liability in the case of a strike, blockade, boycott or lockout also applies if the Company, the Agent, the CSD or the Issuing Agent would itself initiate or become subject to such conflict.

- 21.2 The Agent, the CSD and the Issuing Agent, or any affiliates to the Agent, the CSD and the Issuing Agent, shall not be liable for damage caused in any other event unless the damage is caused by gross negligence or wilful misconduct. In no event shall the Agent, the CSD and the Issuing Agent, or any affiliates to the Agent, the CSD and the Issuing Agent, be liable for indirect damage.
- 21.3 Should the Company, the Agent, the CSD or the Issuing Agent be prevented from performing their respective obligations due to any of the circumstances mentioned in Section 21.1 above, such performance may be postponed until fulfilment is no longer prevented by such event.
- 21.4 The provisions in this Section 21 apply unless they are inconsistent with the provisions of the Swedish Financial Instruments Accounts Act which provisions shall take precedence.

22 Governing law and jurisdiction

- 22.1 These Terms and Conditions shall be governed by and construed in accordance with the laws of the Kingdom of Sweden.
- 22.2 Any dispute or claim arising in relation to these Terms and Conditions shall, subject to Section 22.3 below, be determined by Swedish courts and the District Court of Stockholm shall be the court of first instance.
- 22.3 The submission to the jurisdiction of the Swedish courts shall not limit the right of the Holders and the Agent to take proceedings against the Company in any court which may otherwise exercise jurisdiction over the Company or any of its assets.

Shareholders' agreements

On 22 July 2010, the at that point in time shareholders of the Company – Earl Trust Company Limited as the trustee of the Curly Trust and the Crowbar Trust respectively, Etienne Henry Coetzer, Adobe Group Limited, Castleberg Investments Corporation, Kinnevik New Ventures AB –and the Company entered into a shareholders' agreement regarding the ownership of Bayport (the “**shareholders' agreement**”). By way of a Deed of waiver and adherence, Elsworthy Holdings Ltd and Justin Chola have agreed to be bound by the provisions of the shareholders' agreement as if they had been original parties to the shareholders' agreement. Also, Stuart Stone and Grant Kurland have committed to comply with the shareholders' agreement.

By a unanimous resolution of the shareholders and directors of the Company dated 31 October 2012, the shareholders and directors have respectively approved a resolution authorising the directors of the Company to issue shares under an employee long term incentive plan. Under the long term incentive plan, shares may be purchased by employees and directors of the Group from their own funds or through loans made by the Company. In addition, the Company may award shares for no consideration subject to the satisfaction of performance targets. The maximum number of shares available under the plan may not exceed 849,000. As of the date of this Prospectus, 165,971 shares had been issued under the plan.

The employees holding shares under the employee long term incentive plan have not adhered to the shareholders' agreement. The rationale behind that is that not all clauses in the shareholders' agreement apply to the participants of the long term incentive plan. However, each participant has entered into an award agreement with the Company. Although the terms of the award agreement are not identical to those of the shareholders' agreement, the award agreement does contain the essential features of the shareholders' agreement.

Except for the above mentioned shareholders' agreement and the award agreement, and as far as the Company is aware, no other shareholders' agreements or equivalent agreements exist between the present shareholders in the Company for the purpose of creating joint influence over the Company or changing the control of the Company.
