Risk factors

All investments in bonds involve a degree of risk. The financial performance of Bayport and the risks associated with Bayport's business are important when making a decision on whether to invest in the Bonds. A number of factors influence and could influence Bayport's operations and financial performance and ultimately the Company's ability to make interest payments and payments of principal on maturity. In this Section a number of risk factors are illustrated and discussed, both general risks pertaining to Bayport's operations and material risks related to the Bonds as a financial instrument. The Section aims at describing the risks associated with Bayport's operations and by that also the Company's ability to fulfill its obligations according to the terms and conditions for the Bonds. The risk factors below are not ranked in order of importance and no claim is being made that the list is exhaustive.

Potential investors should carefully consider the risk factors below and other information in this Prospectus before deciding on making an investment in the Bonds. An investor must, in addition, alone or together with financial and/or other advisors, consider the general business prospects, other information in the Prospectus and general information about the applicable market and companies active on that market, based on their personal circumstances. An investor should possess sufficient knowledge to assess the risk factors and sufficient financial strength to bear those risks.

Additional risk factors that are not currently known or not currently considered to be material may also affect Bayport's future operations, performance and financial position, and consequently the Company's ability to meet its obligations under the terms and conditions for the Bonds.

Risks related to Bayport's business operation

Business and market related risks

Political risks

Bayport operates in a number of countries where political instability may lead to a slowdown in levels for origination in that particular country. An increased political instability in any country where Bayport operates may have a material adverse effect on Bayport's business and its financial condition or may even require Bayport to change or discontinue existing products, services, businesses or business models in the affected region.

Macro-economic risks

Although the majority of Bayport's customers are employed within the civil service of each country, and employment in this sector is typically inelastic to change in macro economic conditions, there is a risk that a change in the macro economic conditions in the countries of operation could lead to changed employment conditions for Bayport's customers which may have a material adverse effect on Bayport's operations.

Loss of a deduction code

Bayport relies on the ability to collect directly from the payroll of its customers in order to service the outstanding loans, which is facilitated through deduction codes. The loss of a deduction code may therefore have a material adverse effect on Bayport's business, financial condition and results of operation.

Organizational risks and operational risks

Bayport's operations are dependent on individual employees. Bayport's future development depends to a large extent on the management's and other key personnel's knowledge, experience and commitment.

Bayport's development would therefore be adversely affected if any key personnel would resign from their assignment.

In the context of Bayport's current operations, Bayport may incur losses due to disruption, failure or other ineffectiveness of procedures, internal controls or other reporting or administrative systems used in its operations. Lack of procedures and lack of internal controls may lead to that the management loses control over corporate governance, which would cause Bayport harm.

The Company is a holding company

The Company is a holding company and holds no significant assets other than investments in the Subsidiaries. The Company is thus dependent upon receipt of sufficient income related to the operation of and the ownership in the Subsidiaries. A decrease in any such income may have a material adverse effect on the Company's financial condition, results of operations and ability to meet financial obligations.

Exposure to legislative and regulatory changes

Amended legislation or regulatory measures relating to, *inter alia*, banking, acquisition and tax laws or new case law may have negative consequences for Bayport. Any changes in applicable legal requirements with regard to permits, permissions or licenses required for the operations of the Group in the local jurisdictions may necessitate Bayport to change or discontinue existing products, services, businesses or business models or incur significant expenses or liabilities, any of which may have a material adverse effect on Bayport's business and financial condition or result of operations.

Loss of money licenses or business license

In most countries of operation, Bayport is dependent on money licenses, business licenses or other permits or permissions from local authorities to conduct its business. If any such license, permit or permission is not renewed or revoked, this would have a material adverse effect on Bayport's business and financial condition or result of operations.

Risks related to taxes

The Company operates its business through its Subsidiaries in each of the geographic markets in which it operates. The business is conducted in accordance with Bayport's interpretation of applicable laws, tax treaties, regulations and requirements of the tax authorities in the relevant countries. However, it is not certain that Bayport's interpretation of applicable laws, tax treaties, regulations, or administrative practice is correct, or that such rules are not changed, possibly with retroactive effect. Legislative changes or decisions by tax authorities may impair the present or previous tax position of Bayport and may have a material adverse effect on its business, financial condition or results of operations.

Influence of major shareholders

The Company has several larger shareholders, one of whom has a shareholding in the Company exceeding 30 percent and who may as a result of its influence affect the Company, *inter alia*, on matters that are subject to approval at the shareholders' meeting.

Financial risks

The Company is, through its Subsidiaries' activities, exposed to financial risks such as risks relating to interest rate, credit, counterparties, liquidity and refinancing.

Credit risks and risks relating to counterparties

Credit risks and risks relating to counterparties, concern the risk of losses if the counterparty does not fulfill its obligations. Bayport's credit and counterparty risks consist of exposures to commercial counterparties and financial counterparties. Bayport's commercial credit and counterparty risk primarily consist of arrears which are distributed over a large number of counterparties. Credit and counterparty risks relating to financial counterparties are limited to financial institutions with high credit ratings.

Bayport's primary credit and counterparty risk is that the customers cannot repay their debt under the individual loan agreements. Furthermore, the loans offered by the Subsidiaries to its customers are unsecured and in most jurisdictions in which the Subsidiaries operate the involvement of public courts are time-consuming and expensive. Furthermore, enforcement of court orders is unreliable in several jurisdictions of operation. The aforementioned judicial conditions and the relatively small amounts granted under each of the individual loan agreements has resulted in that Bayport seldom or never pursue debts under the individual loan agreements which for various reasons have not been deducted from the customer's pay roll through judicial proceedings. Although, in certain markets where Bayport operates, all loans for a longer time period than six (6) months include a mandatory "Credit Life Policy" which insures Bayport against death, disability, dreaded disease or retrenchment of the customer, it cannot be guaranteed that the aforementioned risks will not have a material adverse effect on the Subsidiaries' financial position and in turn affect the financial position of the Company.

Liquidity and refinancing risks

Liquidity and refinancing risks refer to that costs may increase and that opportunities may be limited when loans are refinanced, and that payment obligations may not be met due to insufficient liquidity or difficulties in obtaining financing.

Bayport's business is capital intensive. Access to liquidity is a fundamental prerequisite for developing a successful loan business. Bayport plans ahead using forecasting models in order to anticipate any change in funding that may be required well in advance of the actual need. Any forecasting models include a certain level of estimations and expectations on future conditions and Bayport cannot give any assurances that they will materialize or prove to be correct.

Interest rate risk

Interest rate risks refer to risks that result from changes in the market interest which may materially adversely affect Bayport's net interest income. Interest rate risks are attributable to the development of the current interest rate levels. How quickly a change in interest rates affects the net interest income depends on the maturity of the financial assets and financial liabilities.

Exposure to currency risks

Bayport operates in several countries and as a result, generates revenues, incurs costs and grant loans within the Group and to customers in a number of currencies. Consequently, Bayport's results of operations are subject to currency exchange rate fluctuations. Because the consolidated financial statements of the Company are prepared in USD, Bayport also faces a currency translation risk to the extent that the assets, liabilities, revenues and expenses of the Subsidiaries are denominated in currencies other than USD.

Consequently, there is a risk that increases and decreases in the value of the USD versus local currencies of the Subsidiaries will affect the amount of these items in Bayport's consolidated financial statements, even if their value has not changed in the original currency.

Furthermore, the financing of the Company and the interest costs related to the Bonds are in Swedish kronor.

Risks relating to the Bonds

Credit risks

Investors in the Bonds carry a credit risk relating to the Company. The investor's ability to receive payment under the terms and conditions for the Bonds is therefore dependent on the Company's ability to meet its payment obligations, which in turn is largely dependent upon the performance of the Company's operations and its financial position. The Company's financial position is affected by several factors of which a number have been discussed above.

An increased credit risk may cause the market to charge the Bonds a higher risk premium, which would affect the Bonds' value negatively. Another aspect of the credit risk is that a deteriorating financial position of the Company may reduce the Company's possibility to receive debt financing at the time of the maturity of the Bonds.

Interest rate risks

The Bonds' value depends on several factors, one of the most significant over time being the level of market interest. Investments in the Bonds involve a risk that the market value of the Bonds may be adversely affected by changes in market interest rates.

Liquidity risks

The Company cannot guarantee that a liquid market for trading in the Bonds will occur and that such trading is maintained. The Company will apply for registration of the Bonds at the corporate bond list on Nasdaq OMX Stockholm in connection with the approval of this Prospectus by the Swedish Financial Supervisory Authority. Even if securities are admitted to trading on a regulated market, active trading in the securities does not always occur. This may result in that the holders cannot sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market. Lack of liquidity in the market may have a negative impact on the market value of the Bonds. Furthermore, the nominal value of the Bonds may not be indicative comparing to the market price of the Bonds if the Bonds are admitted for trading at the corporate bond list on Nasdaq OMX Stockholm.

It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

Risks relating to the clearing and settlement in Euroclear's book-entry system

The Bonds are affiliated to Euroclear Sweden AB's ("**Euroclear**") account-based system, why no physical notes have been, or will be, issued. Clearing and settlement relating to the Bonds is carried out within Euroclear's book-entry system as well as payment of interest and repayment of the principal. Investors are therefore dependent on the functionality of Euroclear's account-based system.

Preferential rights

The Company has currently no other material undertakings with regard to loans from banks or other credit institutions. The Company may however in the future decide to take up loans from such institutions. Such loans may constitute a priority claim on the Company. Subject to possible restrictions in the terms and conditions for the Bonds, the Company may further decide to issue other market loans.

The Company has further provided guarantees in relation to undertakings of its subsidiaries under certain loan agreements. In addition the Company has received approval from bond holders to give additional guarantees for USD 10 million to funders of Money Quest Investments (proprietary) Limited.

The Bonds represent an unsecured obligation of the Company. This means that in the event of bankruptcy, re-organization or wind-up of the Company, the holders of the Bonds normally receive payment after any priority creditors have been fully paid.

Each investor should be aware that there is a risk that an investor in the Bonds loses all or part of their investment if the Company becomes bankrupt, carries out a re-organization or is wound-up.

Amended or new legislation

This Prospectus and the terms and conditions for the Bonds are based on Swedish law in force at the date of this Prospectus. No assurance can be given on the impact of any possible future legislative measures or changes or modifications to administrative practices.

Risks related to early redemption

The Company has, under the terms and conditions for the Bonds, reserved the possibility to redeem all outstanding Bonds before the final redemption date. If the Bonds are redeemed before the final redemption date, the holders have the right to receive an early redemption amount which exceeds the nominal amount. However, there is a risk that the market value of the Bonds is higher than the early redemption amount.

The Prospectus has been prepared for the purpose of listing the Bonds at the corporate bond list on Nasdaq OMX Stockholm and in accordance with the Commission Regulation (EC) no 809/2004 of 29 April 2004 implementing Directive 2003/71/EC of the European Parliament and of the Council and the rules and regulations in Chapter 2 of the Swedish Financial Instruments Trading Act.

The Bonds in brief

This Section contains a general and broad description of the Bonds and is not a comprehensive description of the Bonds. Potential investors should therefore carefully consider the Prospectus as a whole, including documents incorporated by reference, before a decision is made to invest in the Bonds. The full terms for the Bonds can be found in the Section “Terms and Conditions for the Bonds”.

Concepts and terms defined in the Section “Terms and Conditions for the Bonds” or anywhere else in the Prospectus are used with the same meaning in the summary unless otherwise is explicitly understood from the context.

Summary of the Bonds

The Bonds are debt instruments, intended for public market trading, which confirm that the Holder has a claim on the Company. The Bonds constitute direct, unconditional, unsecured and unsubordinated obligations of the Company. The bond loan, which is the first bond loan issued by the Company, was resolved on by the Board of Directors of the Company and approved by a written resolution of the Shareholders on 15 November 2010. The bond loan has been issued for general corporate purposes and was taken up in connection with the refinancing of the Company.

The bond loan amount to SEK 700,000,000, represented by Bonds, each of a nominal amount of SEK five hundred thousand (500,000) or full multiples thereof, is denominated in SEK and the ISIN code is SE0003617216. The Bonds have been issued in accordance with Swedish law and are connected to the account-based system of Euroclear. Holdings of the Bonds are registered on behalf of the Holders on a Securities Account and no physical notes have or will be issued. Payment of principal and interest as well as, if applicable, withholding of preliminary tax will be made by Euroclear.

Holders of the Bonds have a right to receive interest and the Bonds shall be redeemed by the Company at the Nominal Amount on the relevant redemption date. The bond loan is payable on 19 November 2015 or on such earlier date which follows from Section 9 (*Early redemption by request of the Company*) and 11 (*Acceleration of the Bonds*) of the terms and conditions for the Bonds. If the Bonds are redeemed early in accordance with Section 9 (*Early redemption by request of the Company*) of the terms and conditions for the Bonds, the Bonds shall be redeemed at the Nominal Amount with an addition of:

- four (4.0) percentage units on the Nominal Amount if the early redemption occurs during the period 20 November 2013 – 19 November 2014 together with accrued interest, and
- two (2.0) percentage units on the Nominal Amount if the early redemption occurs during the period 20 November 2014 – 18 November 2015 together with accrued interest.

The Company shall redeem all outstanding Bonds at the Nominal Amount together with accrued interest on the Final Redemption Date. Payment of the Nominal Amount and accrued interest shall be made to the person who is registered on a Securities Account as holder or otherwise is entitled to receive payment in respect of a Bond on the Record Date. The right to receive payment of the Nominal Amount is prescribed and becomes void ten years from the Final Redemption Date.

The Bonds bear interest from, but excluding, the Issue Date up to, and including, the Redemption Date at an interest rate of 13 per cent per annum. The interest is paid in arrears on each Interest Payment Date and is calculated on a 30/360-days basis. Interest Payment Dates are 19 November 2011, 19 November 2012, 19 November 2013, 19 November 2014 and 19 November 2015. The right to receive payment of interest is limited and becomes void three years from the relevant due date for payment. The calculation of interest is carried out by Euroclear.

E. Öhman J:or Fondkommission AB is the Company's initial Issuing Agent and CorpNordic Sweden AB is the Company's initial Agent. Even without a separate authorization from the Holders, the Agent, or a person appointed by the Agent, is entitled to represent the Holders against the Company in every matter concerning the Bonds, whether or not in court or before an executive authority. Further, each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney, which the Agent deems necessary for the purpose of carrying out its duties under the terms and conditions for the Bonds. The Agent may, at any time, request that a Holders' meeting is convened or request a procedure in writing amongst the Holders, see further Section 12 (*The Agent's right to represent the Holders, Holder's meeting etc.*) of the terms and conditions of the Bonds. Such meetings or procedures in writing can lead to that a majority decision, binding for all Holders, is passed.

There are no restrictions in the terms and conditions for the Bonds for the Holders to freely transfer the Bonds.

The Bonds have been issued on the Swedish market through a so called private placement. No Bonds have been issued, or will be issued, after 19 November 2010 and the bond loan was subscribed in full on the Issue Date. To simplify the trade in the Bonds, the Company intends to list the Bonds at the corporate bond list on Nasdaq OMX Stockholm. The listing is also a requirement according to the terms and conditions for the bonds, see further Section 10 (*Special undertakings*) of the terms and conditions for the Bonds. The procedure of first issuing all Bonds and then listing the Bonds at the corporate bond list on Nasdaq OMX Stockholm has been chosen for efficiency reasons. The Company will apply for listing of the Bonds at the corporate bond list on Nasdaq OMX Stockholm in connection with the Swedish Financial Supervisory Authority's approval of this Prospectus. That an application regarding listing of the Bonds on Nasdaq OMX Stockholm has been handed in to Nasdaq OMX Stockholm does however not mean that the application will be approved.

The Bonds are freely transferable and trading in the Bonds can occur between the investors from the Issue Date. The expenses of the admission to trading are estimated to amount to SEK 35,000 in relation to the Swedish Financial Supervisory Authority, SEK 18,000 in relation to Nasdaq OMX Stockholm and fees to advisors.

The ISIN code for the Bonds is SE0003617216.
- 2.2 The minimum investment is SEK one million (1,000,000).
- 2.3 The Company undertakes to repay the Bonds, to pay interest and to otherwise act in accordance and comply with these Terms and Conditions.
- 2.4 The Company may choose not to issue the full amount of Bonds at the Issue Date and may in such case choose to issue the remaining amount of Bonds at one or more subsequent dates.

3 Status

The Bonds constitute direct, unconditional, unsecured and unsubordinated obligations of the Company.

4 Transferability

The Bonds are freely transferable.

5 Interest

The Bonds will bear interest at the Interest Rate applied to the Nominal Amount from, but excluding, the Issue Date up to, and including, the Redemption Date. The interest will be paid in arrears on each Interest Payment Date and shall be calculated on a 30/360-days basis.

7.2 Payments of principal and interest

If a Holder has registered, through an Account Operator, that capital and interest shall be paid to a designated bank account, such payment will be effected by the CSD on the relevant payment date. In other cases, payments will be transferred by the CSD to the Holder at the address registered with the CSD on the Record Date. If a day on which an amount becomes due and payable is not a Banking Day the amount will be deposited or transferred the next following Banking Day. However, interest only accrues up to and including the relevant due date.

Should the CSD, due to a delay on behalf of the Company or some other obstacle, not be able to effect the payment of amounts according to the aforesaid, the CSD will pay such amount to the Holders on the Record Date as soon as possible after such obstacle has been removed.

If a person to whom payment has been made in accordance with the above was not entitled to receive such payment, the Company and the CSD shall nevertheless be deemed to have fulfilled their obligations, provided that the Company and/or the CSD did not have knowledge that such payment was made to a person not entitled

to receive such amount and provided the Company and/or the CSD acted with normal care.

8 Default interest

- 8.1 If the Company fails to pay any amount due, the Company shall pay default interest on such amount at a rate corresponding to the Interest Rate plus five (5) per cent., from, but excluding, the date such payment was due up to and including the date of actual payment. Accrued default interest shall not be capitalized.
- 8.2 If the delay is due to an existence of an obstacle for the Company, the Agent, the CSD or the Issuing Agent respectively, as set out in Section 19.1, the default interest shall not exceed the relevant Interest Rate.

9 Early redemption by request of the Company

- 9.1 All Bonds, but not only some, can be redeemed early at the option of the Company on any Early Redemption Date. The Company can exercise its option by giving the Holders not less than thirty (30) days' notice in accordance with Section 16. The notice shall be irrevocable and state the Early Redemption Date and the relevant Record Date.
- 9.2 The Bonds shall be redeemed at the Early Redemption Amount together with accrued interest in accordance with Section 5 from, but excluding, the preceding Interest Payment Date up to and including the relevant Early Redemption Date.

 - (e) to ensure that the Bonds are listed at the corporate bond list on OMX not later than 19 November 2011 and to take all measures required to ensure that the Bonds continue being listed on OMX for as long as any Bonds are outstanding (however, taking into account the rules and regulations of

OMX and the CSD (as amended from time to time) preventing trading in the Bonds in close connection to the redemption of the Bonds);

- (f) to procure that no substantial change is made to the general nature of the business carried on by the Group Companies;
- (g) not to issue any Market Loans other than Market Loans with an equal priority to the Bonds or which are subordinated to the Bonds if such Market Loans have a final redemption date or, when applicable, early redemption dates or instalment dates which occur after the Final Redemption Date according to these Terms and Conditions;
- (h) not to provide or permit to subsist (not taking into account existing security in relation to the Existing Indebtedness which shall be repaid pursuant to the applicable grace period as set out in Section 10.2 below) any security or permit someone else to provide or permit to subsist any security in the form of a contingent liability or otherwise to secure any present or future Market Loan of the Company;
- (i) not to provide, prolong or renew any guarantee or security over any of the Company's assets (present or future) to secure any present or future Market Loan or any other loan or indebtedness taken up by any other person than the Company (including the other Group Companies);
- (j) to ensure that the ratio of Net Interest-Bearing Debt to Loan Book is not greater than fifty (50) per cent. in any of the Company's Subsidiaries;

- (m) to prepare a Special Financial Report not later than twenty (20) days from the request of the Agent and as per the historic date that the Agent has stated in its request; and
- (n) to provide a Compliance Certificate and a Report to the Agent at the same time as the Quarterly Reports are published or within twenty (20) days from the request of the Agent.

10.2 The Company undertakes that the proceeds from the issuance of the Bonds shall be applied by the Company towards repaying the Existing Indebtedness in full not later than 19 February 2011 and undertakes to ensure that in connection therewith,

all existing security provided in relation to the Existing Indebtedness will be released as soon as it is practically possible.

- 10.3 The Agent is entitled to, on behalf of the Holders, waive, partly or in full, the provisions in Section 10.1 and 10.2 if satisfactory collateral or other security arrangements, in the Agent's absolute discretion, are provided in respect of the Company's proper discharge of its obligations under the Bonds.

11 Acceleration of the Bonds

- 11.1 The Agent is entitled, on behalf of the Holders, to terminate the Bonds and to declare all but not only some of the Bonds due for payment immediately or at such later date as the Agent determines (such later date not being a date falling later than twenty (20) Banking Days from the date on which the Agent made such declaration), if:

- (o) the Company fails to pay an amount on the date it is due in accordance with these Terms and Conditions unless its failure to pay is due to an existence of an obstacle for the Company as set out in Section 19.1 or payment is made within five (5) Banking Days of the due date;
- (p) the Company does not comply with these Terms and Conditions in any other way than as set out in Section 11.1 (o), provided that the Agent has requested the Company in writing to remedy such failure and the Company has not remedied such failure within twenty five (25) Banking Days from such request (if in the opinion of the Agent, the failure or violation is not capable of being remedied, the Agent may declare the Bonds payable without such prior direction);
- (q) any Group Company does not pay on the due date any amount payable pursuant to any other loan, exceeding USD three million (3,000,000), taken up by that Group Company, if the total loan is declared, or could have been declared, due and payable prior to its specified maturity as a result of the defaulted payment, or, if the agreement does not contain a termination clause or if the defaulted payment would have been the final payment, if payment is not made within fifteen (15) days after receiving a written, justified, demand from the creditor, but always provided that the creditor has not waived its right of payment;
- (r) any Group Company, within thirty (30) days after receiving a written, justified, demand, does not fulfil its obligations according to any personal security (*Sw. borgen*) or guarantee provided as security for any other persons loan or if it does not fulfil its commitment to remunerate someone for what that person has paid pursuant to a personal security or guarantee, provided that such obligation or commitment exceeds USD three million (3,000,000) and the creditor has not waived its right of payment;

- (s) a Change of Control Event occurs;
 - (t) a Kinnevik Ownership Event occurs;
 - (u) a Founder I Ownership Event occurs;
 - (v) a Founder II Ownership Event occurs;
 - (w) any Group Company suspends its payments on any of its debts;
 - (x) any Group Company is declared bankrupt;
 - (y) any Material Group Company takes any corporate action or if other steps are taken or legal proceedings are started (other than proceedings which are being disputed in good faith by appropriate legal proceedings and are withdrawn or struck out or dismissed within thirty (30) days) by any person for such Material Group Company's winding-up, dissolution, administration or re-organisation or for the appointment of a liquidator, provisional liquidator, receiver, administrator, administrative receiver, trustee or similar officer of it or of any or all of its revenues and assets or any execution or diligence is levied against all or a material (as determined by the Agent in its reasonable discretion) part of its revenues and assets; or
 - (z) a decision is made that any Material Group Company shall be merged and/or demerged into a company which is not a Group Company, unless the Agent has given its consent (not to be unreasonably withheld or delayed) in writing prior to the merger and/or demerger (where consent is not to be understood as a waiver of the rights that applicable law at the time assigns the concerned creditors). Such consent shall only be given if an accountant, engaged in accordance with Section 18.4, has assured that the merger or demerger, as applicable, will not adversely affect the Holders' interest.
- 11.2 If the Bonds are declared due and payable, the Company shall redeem the Bonds at a redemption amount equal to the Bonds' Nominal Amount plus the accrued interest, if any, pursuant to Section 5 (Interest) from, but excluding, the preceding Interest Payment Date (or, if such date has not occurred, the Issue Date), up to and including the payment date.
- 11.3 Termination for payment prematurely on the grounds mentioned in Sections 11.1 (o), (p), (c) or (r) or, regarding any of the Companies Subsidiaries, on the grounds mentioned in Sections 11.1 (i), (j), (k) and (l) may however only occur if the nature of the particular circumstance is such that it could adversely and materially affect the Holders' interests and that the cause of termination is continuing at the time of the Agent's declaration.
- 11.4 Termination for payment prematurely on the ground mentioned in 11.1 (e), (f), (g) and (h) may however only occur if the Holders have decided to terminate the Bonds in accordance with the provisions in Section 12.

- 11.5 If the right to termination is based upon a decision of a court of law, a government authority or an annual general meeting, it is not necessary that the decision has acquired legal force or that the period of appeal has expired in order for cause of termination to be deemed to exist.
- 11.6 The Company is obliged to inform the Agent immediately if any circumstance of the type specified in Section 11.1 should occur. Should the Agent not receive such information, the Agent is entitled to assume that no such circumstance exists or can be expected to occur provided that the Agent does not have knowledge of such circumstance. At the request of the Agent the Company shall within five (5) Banking Days provide the Agent with a certificate regarding the circumstances dealt with in Section 11.1. The Company shall further provide the Agent with such details as the Agent may request regarding any circumstances referred to in Section 11.1 and provide at the request of the Agent all documents that may be of significance in the application of this Section 11.
- 11.7 The Company is only obliged to inform the Agent according to Section 11.6 if informing the Agent would not conflict with any statute or, when the Bonds are listed, the Company's registration contract with OMX.
- 11.8 If the Agent has been notified by the Company or has otherwise determined that there is a default under these Terms and Conditions according to Section 11.1, the Agent shall decide, within ten (10) Banking Days of the day of notification or determination, if the Bonds shall be declared terminated. If the Agent has decided not to terminate the Bonds or if ground for termination according to Section 11.1 (e) is at hand, the Agent shall, at the earliest possible date, notify the Holders that right to termination is at hand and obtain judgement on the matter from the Holders according to the provisions in Section 12. If the Holders decide for termination to occur, the Agent shall promptly declare the Bonds terminated. If the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not be obliged to terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Holders that the cause for termination has ceased. If the Holders, without prior initiative to decision from the Agent or the Company, have made a decision regarding termination in accordance with Section 12, the Agent shall promptly declare the Bonds terminated. The Agent is however not liable to take action if the Agent considers cause for termination not to be at hand, unless the instructing Holders in writing commit to holding the Agent indemnified and, at the Agent's own discretion, grant sufficient security for the obligation.

12 The Agent's right to represent the Holders, Holder's meeting etc.

12.1 General

Even without a separate authorisation from the Holders, the Agent, or a person appointed by the Agent, is entitled to represent the Holders against the Company in

accordance with these Terms and Conditions in every matter concerning the Bonds, whether or not in court or before an executive authority (including any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Bonds). Each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney (in form and substance to the Agent's satisfaction), which the Agent deems necessary for the purpose of carrying out its duties under these Terms and Conditions. The Agent is under no obligation to represent a Holder which does not comply with such request of the Agent.

The Company shall be entitled to obtain information from the register kept by the CSD in connection with any procedures relating to Section 12.

12.2 **Holders' meeting and procedure in writing**

- (aa) Each of the Company, the Agent and Holders representing at least ten (10) per cent of the total outstanding Nominal Amount, may request that a Holders' meeting is convened or request a procedure in writing among the Holders. Such request shall be made in writing to the Company and the Agent including (i) information regarding the issues that shall be decided and, where applicable, (ii) documentation of the holding of Bonds of the requesting Holders. A Holders' meeting can however only be held at the request of any Holders four (4) times each year if the issues that shall be decided upon at the meeting are not related to acceleration of the Bonds according to Section 11. If the Agent establishes that a request for a Holders' meeting or procedure in writing has been made in due order the Agent shall, within twenty (20) Banking Days from receipt of such request, convene a meeting or initiate a procedure in writing. The Agent must not convene a Holders' meeting or initiate a procedure if the Agent determines that (i) the proposal must be approved by the Company and the Company informs the Agent that it will not give such approval, (ii) the proposal is not in accordance with applicable laws, or (iii) it appears highly unlikely that the Holders' meeting or procedure in writing will decide in accordance with the proposal in view of previous Holders' meetings or procedures in writing. Furthermore, the Agent must not convene a Holders' meeting if the meeting would be held at the request of any Holders and if there has been four (4) Holders' meeting during the relevant year at the request of any Holders and the issues that shall be decided at the requested meeting are not related to acceleration of the Bonds.
- (bb) Notice shall be given to the Holders and the Agent or, as the case may be, the Company in accordance with Section 16 below not later than ten (10) Banking Days and not earlier than thirty (30) Banking Days prior to the Holders' meeting or the last day for replies in the procedure in writing. The notice shall include (i) time for the Holders' meeting or the last day

for replies in the procedure in writing, (ii) place for the Holders' meeting or the address for replies, (iii) the agenda for the Holders' meeting, (iv) information regarding which day a Holder shall be registered as owner to be entitled to vote, and (v) what is otherwise required by a Holder in order to attend the Holders' meeting. The Agent shall determine the contents in the notice and provide, in writing or electronically, a proxy form or, in case of a procedure in writing, a decision form with the relevant alternatives for resolution.

- (cc) A resolution is passed through voting at a Holders' meeting (or, in case of a procedure in writing, through calculation by the Agent of the replies), at which each Holder entitled to vote shall have one vote per Bond at a Nominal Amount of SEK 500,000 held. A Holder must vote in the same manner for all Bonds held. However, a representative who represents different Holders may vote differently for different Holders. Bonds held by any Group Company shall not entitle any voting right and shall not be considered when calculating if necessary majority has been achieved in accordance with these Terms and Conditions. The resolution of the Holders shall be the opinion which represents the majority of the Nominal Amount for the Bonds represented at the meeting. In respect of the below issues the following qualified majority is required among the votes casted and the answers received in order to deem a resolution passed ("**Qualified Majority**"):
- (i) two thirds (2/3) when (1) one of the situations from a special undertaking in accordance with Section 10 is waived, (2) amendment of a provision in these Terms and Conditions, subject to (ii) below;
 - (ii) three quarters (3/4) when (1) principal amount, interest rate or interest amount which shall be paid by the Company is reduced, (2) amendment of any redemption day for principal or interest amount and (3) amendment of the provisions in this Section 12.2(cc).

If the number of votes are equal the opinion which is most beneficial for the Company, according to the chairman of the meeting (or, in case of a procedure in writing, the Agent) will prevail.

- (dd) Quorum exists only if Holders representing at least one fifth (1/5) of the aggregate outstanding Nominal Amount attend the meeting in due order (or, in case of a procedure in writing, provide replies). If quorum is not achieved within fifteen (15) minutes from the fixed time (or, in case of a procedure in writing, through received answers at the end of the time for replies), the meeting shall be adjourned (or, in case of a procedure in writing, the time for replies shall be extended) to the tenth Banking Day

thereafter. Notice containing information regarding time and place for a continued meeting (or, in case of a procedure in writing, information regarding extended time for replies) shall promptly be provided to the Holders in accordance with Section 16. At a continued meeting (or, in case of a procedure in writing, at a new calculation) a resolution can be passed through an ordinary resolution (or, if required in accordance with (c) above, through Qualified Majority) by Holders entitled to vote irrespective of the share of Bonds represented.

- (ee) At the meeting the Company, the Holders and the Agent may attend along with its representatives, counsels and assistants. The meeting may decide that further individuals may attend. The meeting shall be opened by a present person appointed by the Company (or, if such person does not exist, a present person appointed by the Agent) and the meeting shall be chaired by that person until a chairman of the meeting has been elected by the meeting. The chairman shall arrange for minutes to be kept at the meeting which shall include a list of all Holders that were entitled to vote, any other persons that have been attending, what has been discussed, the result of the voting and the resolutions that were passed. The minutes shall be signed by the chairman and by at least one person appointed by the meeting to verify the minutes. In case of a procedure in writing, the Agent shall provide for the calculation of votes and keep minutes in respect of the calculation of votes and the resolutions passed by the procedure in writing. The Agent may request for complements and clarifications but is not obliged to do so and may disregard any unclear or illegible votes. The Agent shall disregard any answers that do not follow listed alternatives or where voting right does not appear in the documentation provided by the Holder or CSD. The Company may be represented at the calculation. The minutes shall be completed promptly and be held available for the Holders at the Company and the Agent.
- (ff) If the Company and the Agent deem it appropriate a Holders' meeting may be combined with a possibility for Holders to provide answers in accordance with a written resolution form as an alternative to being present or being represented at the Holders' meeting.
- (gg) A resolution that has been passed at a duly convened and held meeting or a procedure in writing is binding for all Holders irrespective of whether they have been present or represented at the meeting or if they have participated in the procedure in writing and irrespective of how and if they have voted.
- (hh) The Company shall bear all costs for the Company and the Agent in connection with a Holders' meeting or a procedure in writing irrespective of who has requested the meeting or the procedure in writing.

12.3 **Replacement of Agent and Issuing Agent**

The Agent may not resign as agent or transfer its position as agent, unless the Company has given its prior written consent, not to be unreasonably withheld, save where the Agent is obliged to resign or transfer its position as agent by operation of law or regulation or where the Company has, in a not immaterial way, failed to fulfil its obligations towards the Agent under these Terms and Conditions and does not, within a reasonable time, remedy such failure after the Agent has made the Company aware thereof. No resignation by the Agent shall however take effect until a new Agent has been appointed by the Company. If the Company has not appointed a new Agent within thirty (30) days after the Agent has given the Company notice of its resignation, the Agent has the right to appoint a new Agent. When a new Agent has been appointed, the resigning Agent shall bear no responsibility for acts or omissions during the time after the replacement of the Agent but shall continue to enjoy the rights under these Terms and Conditions. The Agent's successor, the Company, the Issuing Agent and the Holders shall have the same rights and obligations among themselves as they would have had if such successor would have been the original Agent.

The Issuing Agent may resign as issuing agent and/or transfer its position as issuing agent at any time, provided that no resignation by the Issuing Agent shall take effect until a new Issuing Agent has been appointed by the Company. If the Company has not appointed a new Issuing Agent within thirty (30) days after the Issuing Agent has given the Company notice of its resignation, the Issuing Agent has the right to appoint a new Issuing Agent. When a new Issuing Agent has been appointed, the resigning Issuing Agent shall bear no responsibility for acts or omissions during the time after the replacement of the Issuing Agent but shall continue to enjoy the rights under these Terms and Conditions. The Issuing Agent's successor, the Company, the Agent and the Holders shall have the same rights and obligations among themselves as they would have had if such successor would have been the original Issuing Agent.

If the Agent or the Issuing Agent is subject to bankruptcy or financial reconstruction according to law or regulations from a supervising authority, the Company shall immediately appoint a new Agent or Issuing Agent which immediately shall replace the present Agent or Issuing Agent as Agent or Issuing Agent in accordance with these Terms and Conditions. The Company may also appoint a new Agent which immediately shall replace the present Agent, if the Agent has, in a material way, failed to fulfil its obligations under these Terms and Conditions and does not, within a reasonable time, remedy such failure after the Company has made the Agent aware thereof.

12.4 **Remuneration for the Agent**

The Agent is entitled to receive remuneration from the Company for acting as Agent in accordance with these Terms and Conditions. If the Agent, based on good

reasons, believes that the Company is or will become insolvent the Agent is entitled to reserve reasonable remuneration from the Holders for its continued work in accordance with these Terms and Conditions, save that the Agent shall make the arrangements stated in Section 11.8 without having received remuneration or being indemnified by the Holders. If the Agent notifies the Holders that it will not take further actions each Holder may independently represent its holding of Bonds against the Company without having to observe the provisions in Sections 11 and 12.1.

13 Amendments of the Terms and Conditions

- 13.1 The Agent may, on account of the Holders, agree with the Company to amend these Terms and Conditions as long as such amendment does not limit the obligation of the Company to pay amounts of principal or interest or in any other way, to the Agents discretion, may materially adversely affect the interests of the Holders or that such amendment is solely made in purpose to rectify obvious errors and mistakes in these Terms and Conditions. Subject to decisions of the Holders in accordance with Section 12, the Agent may also agree with the Company regarding other amendments.
- 13.2 When the Bonds are listed on OMX, the Agent may, on account of the Holders, agree with the Company to make necessary amendments to these Terms and Conditions to ensure that they comply with any requirements for listing, as long as such amendments do not materially adversely affect the interests of the Holders.
- 13.3 Amendments of these Terms and Conditions shall be notified without delay by the Company in accordance with Section 16, setting out the date from which the amendments will be effective.

14 Prescription

- 14.1 The right to receive payment of the Nominal Amount shall be prescribed and become void ten (10) years from the Final Redemption Date. The right to receive payment of interest shall be limited and become void three (3) years from the relevant due date for payment. The Company is entitled to any funds set aside for payments in respect of which the Holders right to receive payment have been limited and void.
- 14.2 If such term of limitation periods are duly interrupted, in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the Nominal Amount, and of three (3) years with respect to interest payments will commence, in both cases calculated from the date of interruption of the limitation period as such date is determined pursuant with the provisions of the Swedish Act on Limitations.

15 Allocation of payments

If both the Nominal Amount and interest are due for payment and if the available funds are insufficient to discharge all the amounts due and payable, the available funds shall first be applied towards payment of interest and secondly towards payment of the Nominal Amount.

16 Notices

- 16.1 Notices from the Company or the Agent shall be given in English to the Holders at their addresses as registered with the CSD.
- 16.2 Notices from the Holders or the Agent to the Company shall be given to the Company in writing by letter, in English, with a copy to the Agent at the addresses set forth in Section 1.
- 16.3 Any notice to the Company under these Terms and Conditions will only be effective when it has been left at the relevant address or five (5) Banking Days after being deposited in the post postage prepaid in an envelope to it at that address or if delivered to the Company in any other way if received by the Company and confirmed by an authorised representative of the Company.

17 Nominee registration

In respect of Bonds registered with authorised nominees in accordance with the Swedish Financial Instruments Accounts Act the authorised nominee shall be deemed to be the Holder for the purpose of applying these Terms and Conditions (subject to the provisions about the voting rights of the Holders in Section 12).

18 The Agent's obligations and right to engage third parties

- 18.1 For the avoidance of any doubt, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.
- 18.2 The Agent may engage, pay for and rely upon the advice or services of any lawyers, accountants or other experts where such advice or services are reasonably required to fulfil its obligations under these Terms and Conditions. The reasonable costs for such third party advice shall be borne by the Company. The Agent is however obliged to always inform the Company prior to engaging any third party experts.

19 Limitation of liability etc.

- 19.1 The Company, the Agent, the CSD and the Issuing Agent shall have no liability for damage caused by Swedish or foreign enactment, action taken by a Swedish or foreign authority, war, strike, blockade, boycott, lockout or other similar

circumstance. This limitation of liability in the case of a strike, blockade, boycott or lockout also applies if the Company, the Agent, the CSD or the Issuing Agent would itself initiate or become subject to such conflict.

- 19.2 The Agent shall have no liability for damage caused by the Agent acting as a representative for the Holders, aligned with the decisions made in accordance with Section 12, unless the damage is caused by gross negligence or wilful misconduct. This shall also apply to the Agent or affiliate to the Agent acting in another manner in relation to the Company within the scope of other dealings with the Company.
- 19.3 The Agent, the CSD and the Issuing Agent shall not be liable for damage caused in any other event unless the damage is caused by gross negligence or wilful misconduct. In no event shall the Agent, the CSD and the Issuing Agent be liable for indirect damage.

Financial overview

The financial information for the financial years ended 31 March 2010 and 31 March 2011 have been prepared in accordance with the International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and interpretations of International Financial Reporting Interpretations Committee (IFRIC). The annual reports for the financial year ended 31 March 2010 and the financial year ended 31 March 2011 have been approved by the Board of Directors and audited by the Company's auditor. The Company's annual reports for the financial year 2010 and 2011 have been incorporated in this Prospectus by reference; please see section "*Documents incorporated by reference*". The Auditor's reports for the financial year ended 31 March 2010 and the financial year ended 31 March 2011 are incorporated through the annual reports by reference; see section "*Documents incorporated by reference*".

In the Auditor's report for the financial year ended 31 March 2010, the Auditor stated the following:

"Emphasis of matter – Going concern

Without qualifying our opinion, we draw attention to note 35 in the financial statements which indicates that at 31 March 2010, the company had a shareholders' deficit of USD 1,542,832.

The financial statements have been prepared on the going concern basis, the validity of which depends on the directors who have undertaken to make arrangements in providing such financial support as is necessary to enable the company to operate as a going-concern. The financial statements do not include any adjustments that would result from non-availability of finance."

The legal consequence under Mauritian law of the shareholders' deficit is that the Company has to make good its accumulated losses in order to declare dividends or buy back shares, given that it will have to satisfy a solvency test in both cases. A company will meet the solvency test, *inter alia*, when its assets are greater than the total of the value of its liabilities and stated capital.

In the annual report for the financial year ended 31 March 2011, the Company changed its accounting policy for investments in subsidiaries from a cost to fair value basis with retrospective application in accordance with IAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors". The fair value basis is considered to give a more realistic view of the value of the investments in the subsidiaries of the Company as at the reporting date. The change from a cost to fair value basis and the increase in the reported value of the subsidiaries have led to that the shareholders' deficit in the annual report for the financial year ended 31 March 2010, has been extinguished and hence in the auditor's report for the financial year ended 31 March 2011 there is no reference to this shareholders' deficit.
